

Hollow Microspheres 2017 Global Market Expected to Grow at CAGR Of 11% and Forecast to 2021

Wiseguyreports.Com Publish New Market Research Report On-"Hollow Microspheres 2017 Global Market Expected to Grow at CAGR Of 11% and Forecast to 2021".

PUNE, INDIA, June 29, 2017 /EINPresswire.com/ --

[Hollow Microspheres Market 2017](#)

Executive Summary

Microspheres are small particles with a diameter ranging from 1 micrometer to 1 millimeter. They are commonly called as beads, microbeads, and microparticles. They can be produced by natural and synthetic methods. These microspheres are available in various densities and are used accordingly in their respective applications. Due to the attribute of lowering the density, hollow microspheres are mainly used as additives. These are innovative raw materials with superior functionality that help in improving the quality of the final product at a reduced cost. These hollow microspheres are used in several end-user markets such as medical technology, construction composites, biotechnology and medicine, and cosmetics and personal care.

The analysts forecast the global hollow microspheres market to grow at a CAGR of 11% during the period 2017-2021.

Covered in this report

The report covers the present scenario and the growth prospects of the global hollow microspheres market for 2017-2021. To calculate the market size, the report considers the retail selling price as the average selling price of the product.

The market is divided into the following segments based on geography:

- APAC
- Europe
- North America
- ROW

Request a Sample Report @ <https://www.wiseguyreports.com/sample-request/1482569-global-hollow-microspheres-market-2017-2021>

The report, Global Hollow Microspheres Market 2017-2021, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- 3M
- Akzo Nobel
- Chase Corporation
- Momentive Performance Materials
- Sigmund Linder

Other prominent vendors

- Potters Europe
- MO-SCI
- Cospheric
- Polysciences
- Kish Company

Market driver

- Rising infrastructure spending
- For a full, detailed list, view our report

Market challenge

- Volatility in raw material prices
- For a full, detailed list, view our report

Market trend

- Innovations in product portfolio
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2021 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?

Table of Contents

PART 01: Executive summary

PART 02: Scope of the report

PART 03: Research Methodology

PART 04: Introduction

- Market overview

PART 05: Market landscape

- Market overview
- Market size and forecast
- Five forces analysis

PART 06: Market segmentation by raw material

- Global hollow microspheres market by raw material
- Global hollow microspheres market by glass
- Global hollow microspheres market by others

PART 07: Market segmentation by end user

- Global hollow microspheres market by end user
- Global hollow microspheres market for construction composites
- Global hollow microspheres market for medical technology
- Global hollow microspheres market for biotechnology and medicine
- Global hollow microspheres market for cosmetics and personal care
- Global hollow microspheres market for others

PART 08: Geographical segmentation

- Global hollow microspheres market by geography
- Hollow microspheres market in North America

- Hollow microspheres market in Europe
- Hollow microspheres market in APAC
- Hollow microspheres market in ROW

PART 09: Decision Framework

PART 10: Drivers and Challenges

- Market drivers
- Market challenges

PART 11: Market trends

- Increasing demand for porous wall hollow glass microspheres
- Innovations in product portfolio
- Evolution of new technology
