

# Wisconsin Corporate Whistleblower Center Now Urges an Insider with Proof a Federal Contractor in Wisconsin Is Falsely Claiming to be Minority Owned to Call About Rewards

WASHINGTON , DC, USA, July 20, 2017 /EINPresswire.com/ -- The Wisconsin Corporate Whistleblower Center says, "We are urging an insider with proof a Wisconsin based federal contractor is lying about being minority owned to gain an unfair advantage on federal bids for work to call us anytime at 866-714-6466. As we would like to discuss anytime the rewards for this type of information can be extremely significant."

The Center believes that many companies misrepresent the nature of their ownership structure to gain an unfair advantage when bidding for lucrative federal contracts. As an example, the US Department of Transportation mandates that 10% of federal highway jobs go to a minority or woman owned business. These federal contracts can be worth tens of millions of dollars for even a subcontractor.

“

If you work for a company that is falsely claiming to be a minority or woman owned to business in Wisconsin to get an unfair competitive advantage on federal jobs or federal contract bidding-call us”

The Wisconsin Corporate Whistleblower Center says, "Most federal agencies put a premium of giving minority or women owned businesses preferential treatment when it comes to bidding on federal contracts. The system designed to assist minority or women owned businesses obtain federal work contracts is very easy to manipulate. As an example, a Caucasian male could appoint his female wife president/CEO of a Wisconsin based food distribution company, and or a construction company that builds highways and only an

insider or the employees of the company would know the husband ran the business. The company could be based anywhere in Wisconsin including Milwaukee, Madison, Green Bay, Kenosha, Racine, Appleton, or Oshkosh.

"If you work for a company that is falsely claiming to be a minority or woman owned business in Wisconsin to get an unfair competitive advantage on federal jobs or federal contract bidding or as an insider you possess this type of proof-please call us anytime at 866-714-6466 and let's explore the reward possibilities. Why sit on a potentially winning lotto ticket without ever knowing what it could have been worth."

Simple rules for a whistleblower from the Wisconsin Corporate Whistleblower Center: Do not go to the government first if you are a potential whistleblower with substantial proof of wrongdoing. The Wisconsin Corporate Whistleblower Center says, "Major whistleblowers frequently go to the government thinking they will help. It's a huge mistake. Do not go to the news media with your whistleblower information. Public revelation of a whistleblower's information could destroy any prospect for a reward. Do not try to force a company/employer or individual to come clean about significant Medicare fraud, overbilling the federal government for services never rendered, multi-million dollar state or federal tax evasion, or an Wisconsin based company falsely claiming to be a minority owned business to get preferential treatment on federal or state projects. Come to us first, tell us what type of information you have, and if we think it's sufficient, we will help you with a focus on you getting rewarded.

Unlike any group in the US the Corporate Whistleblower Center can assist a potential whistleblower with packaging or building out their information to potentially increase the reward potential. They will also provide the whistleblower with access to some of the most skilled whistleblower attorneys in the nation.
