

# The Security Industry's Best Noise-Canceling, Privacy Microphone Just Got Better.

*Steno SR keeps conversations, transcriptions and recordings private*

WASHINGTON, DC, USA, July 4, 2017 /EINPresswire.com/ -- If you require voice privacy and security, don't want to be overheard by others or need to communicate in a loud environment. Talk Technologies ([talktech.com](http://talktech.com)) the international leader in voice attenuating microphones has the solution. The all new [Steno SR](#) privacy microphone guarantees absolute voice privacy and a crystal-clear sound signal while simultaneously eliminating all background noise. Engineered to replicate the noise proofing properties of the world's premiere sound booths, the Steno SR yields 100% noise cancellation and the patented technology makes it the most accurate microphone on the market today.

Steno SR is so accurate and private that it is the only privacy microphone approved by the United States Military and is used in every Naval Courtroom in America. There is simply no better way to verbally communicate in private.

Compatible with smartphones, tablets, computers, two way radios and speech recognition software the Steno SR is a hand-held sound booth for use anywhere you want total voice privacy and noise cancellation.

About Talk Technologies: Talk Technologies Inc. founded in 1947 designs, manufactures and sells Steno SR to business, industry and institutions around the world. Some of our valued clients include: U.S. Army Inspector General- Pentagon, U.S. Naval Justice Institute, National Guard Counter-drug Task Force, Massachusetts Institute of Technology: MIT, Kennedy Center for the Performing Arts and the NYC Department of Education.
