The major factors driving the market for [Global X-Ray Detectors Market](#) are growing geriatric population and chronic diseases, growing government initiatives, declining prices and benefits offered by digital

detectors, and reimbursement cuts for analog X-rays will increase the demand for digital systems. On the other hand, stringent regulatory process for the launch of product, imposition of heavy excise tax on medical devices device manufacturers, importers and consumers by the U.S. government, along with high initial cost may hinder the growth of the market.

Major players operating in this market are Agfa Healthcare, Amptek, Inc., Analogic Corporation, Canon Inc., Detection Technology Oyj, Fujifilm Medical Systems, Hamamatsu Photonics K.K., among others.”

Data Bridge Market Research

The global [x-ray detectors market](#) is segmented on the basis of product type, end-user and region.

On the basis of product type, the global x-ray detectors market is segmented into fixed detectors and portable detectors.

The market is also segmented on the basis of end users into hospitals, diagnostic laboratories, clinics, Original Equipment Manufacturers (OEM's) and ICU.

The geographical regions are further segmented into major countries such as Germany, France, U.K., Italy, Spain, Russia, Turkey, Belgium, Netherlands, Switzerland, and Rest of Europe.

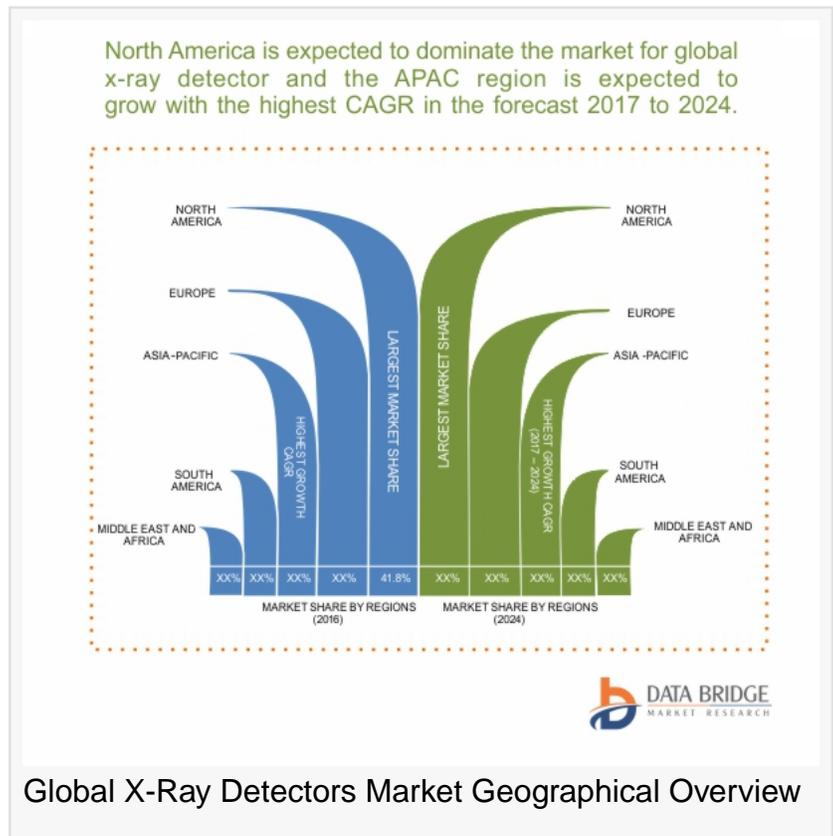

The Global X-Ray Detectors Market Report contains an in-depth profiling of the key market players, along with the recent developments (new product launches, partnerships, agreements, collaborations, and joint ventures) and strategies adopted by them to sustain and strengthen their positions in the market.

Some of the major factors driving the growth of market for X-ray detector market, such as growing geriatric population and chronic diseases, growing government initiatives, declining prices and benefits offered by digital detectors, and reimbursement cuts for analog X-rays will increase the demand for digital systems.

- The demand for advance medical devices such as digital X-ray detector is rising for the diagnosis and treatment in the healthcare system worldwide.
- The rising number of initiatives by the government has promoted the use of digital X-ray detectors to drive the growth of the market
- Reduced cost of FPDs will contribute to the growth of the X-ray detector market.

Some of the major players operating in this market are

- Agfa Healthcare
- Amptek, Inc.
- Analogic Corporation
- Canon Inc.
- Detection Technology Oyj
- Fujifilm Medical Systems
- Hamamatsu Photonics K.K.
- Konica Minolta, Inc.
- Moxtek, Inc.
- Perkinelmer, Inc.
- Rigaku Corporation
- Teledyne DALSA Inc.
- Thales Group
- Thermo Fisher Scientific Inc.
- Toshiba Corporation
- Varian Medical Systems
- Yxlon International GmbH
