President & CEO*

As it accelerates its growth in the FinTech space, Exous taps Dave’s proven experience to bring a delivery-oriented, iterative approach to technology development that focuses on short-term delivery cycles to clients.

“We’re thrilled to welcome Dave aboard during this exciting period of growth across our FinTech division,” stated Exous CEO, Adnane Charchour. “Dave is a true technologist that brings unrivaled expertise in developing high-performance solutions.”

Dave has headed all phases of systems development with an emphasis on developing scalable internet trading and reporting technology platforms, alongside back office clearing and settlement automation systems.

Dave joins Exous from Citi Bank, and has previously held technology leadership positions in Scivantage, Fleet Securities, and Electronic Data Systems (EDS).

About Exous

Exous employs a full suite of strategic, operational, and technology solutions to resolve complex business challenges and elevate your startup to the next level. Over the past 25 years, our executive leadership team has serviced over 60 financial institutions in the securities and FinTech industries by applying transformative software solutions to resolve complex business challenges, creating over \$100 million in shareholder value and raising over \$60 million in capital funding. From web enabling businesses, seamlessly adopting mobile technology to gain more market share, and pushing all the way toward the new frontier of Artificial Intelligence (AI) based technologies, Exous has the expertise and the knowhow to make innovative business concepts and objections a reality.
