The Center fears most people with mesothelioma in New Jersey fail to realize-if they want the best possible mesothelioma compensation they will need to have some of the nation's most skilled and experienced mesothelioma attorneys assisting them. As the group would also explain anytime at 800-714-0303 to a Navy Veteran or person with mesothelioma there is no such thing as the following:

- * "A federally sponsored claims center for Navy Veterans or people with mesothelioma. To get the best mesothelioma compensation you need to have one of the nation's most capable fulltime mesothelioma attorneys assisting you.
- * "We have lately noticed a cable TV ad talking about class actions and mesothelioma. A class action will not result in a person with confirmed mesothelioma receiving the very best possible financial compensation. Class actions usually benefit lawyers as opposed to the people who have been

victimized by something like asbestos.

* "Billions Recovered-Typically law firms that make this claim are middlemen marketing law firms who sell people with mesothelioma to other law firms who actually will do the work on the financial claim.

* "US Navy Mesothelioma Center-"Again the US Navy or the federal government do not sponsor a claims center nor do they assist Navy Veterans with a mesothelioma compensation claim that can be worth hundreds of thousands of dollars or more. However, we do, and if a Navy Veteran or person in New Jersey has been diagnosed can call us anytime at 800-714-0303 to ensure they are talking directly with some of the nation's most qualified mesothelioma attorneys-on the spot."
