## Synopsis

Essential resource for top-line data and analysis covering the global energy consumption market. Includes market size and segmentation data, textual and graphical analysis of market growth trends and leading companies.

## Key Highlights

- The energy consumption sector is defined as the energy consumption by industry, transport, residential, commercial, agricultural, and fishing consumers and markets.
- Volume is defined as consumption of mtoe (million tonnes of oil equivalent) of coal & coal gases (including coal and peat), oil & oil products (including crude oil), natural gas, biofuels and waste (including biofuels and nuclear), and electricity and heat (including hydro, geothermal, solar, electricity, and heat).
- Value is calculated by multiplying total consumption by average electricity prices.
- Any currency conversions calculated using constant 2016 annual average exchange rates.
- The global energy consumption sector had total revenues of \$8,478.3bn in 2016, representing a compound annual growth rate (CAGR) of 4.1% between 2012 and 2016.
- Sector consumption volume increased with a CAGR of 2.4% between 2012 and 2016, to reach a total of 8,502.9 million toe in 2016.
- Oil has an unusually high share of the sector in Mexico. Oil plays an important role in energy generation but has been losing ground to natural gas of late, the cost advantage of which has been reinforced by the prevalence of US shale gas.

## Scope

- Save time carrying out entry-level research by identifying the size, growth, major segments, and leading players in the global energy consumption market
- Use the Five Forces analysis to determine the competitive intensity and therefore attractiveness of the global energy consumption market
- Leading company profiles reveal details of key energy consumption market players' global operations and financial performance
- Add weight to presentations and pitches by understanding the future growth prospects of the global energy consumption market with five year forecasts by both value and volume

## Reasons to buy

- What was the size of the global energy consumption market by value in 2016?
- What will be the size of the global energy consumption market in 2021?

- What factors are affecting the strength of competition in the global energy consumption market?
- How has the market performed over the last five years?
- What are the main segments that make up the global energy consumption market?
