# IT Governance's CEO Alan Calder to speak at the Certified InfoSec Conference + 27K Security Summit on ISO 27001

WYOMING , UNITED STATES, July 18, 2017 /EINPresswire.com/ -- IT Governance, the leading provider of information security and ISO 27001 expertise, is delighted to announce that Alan Calder, the founder and executive chairman of IT Governance, will speak at the Certified InfoSec Conference + 27K Security Summit on ISO 27001: the global cybersecurity compliance framework.

The Certified InfoSec Conference + 27K Security Summit will cover the leading certified enterprise security standards, including ISO 27001, ISO 22301, CSA STAR, FISMA/FedRAMP, and Service Organization Controls (SOC) from an implementation perspective.

Alan Calder said: "I'm delighted to speak at the Certified InfoSec Conference + 27K Security Summit and inform organizations about the emerging cybersecurity threats and the benefits of implementing and achieving certification with ISO 27001, the global cybersecurity compliance framework.

"Information security is about more than technology alone. Organizations certified to ISO 27001 provide assurance that the three pillars of information security – people, processes, and technology – are addressed and that the organization has implemented a management system to achieve cyber resilience and maintain a strong information security posture."

Alan Calder is an acknowledged international cybersecurity expert and a leading author on information security and IT governance issues. The author of IT Governance: An International Guide to Data Security and ISO27001/ISO27002, Alan Calder's work draws on his experience of leading the world's first successful implementation of BS 7799 (now ISO 27001).

Information security professionals who manage industry standards implementation and certification are encouraged to attend the Certified InfoSec Conference + 27K Security Summit and learn more about best practices for certification initiatives.

The Certified InfoSec Conference + 27K Security Summit takes place at the Hilton Washington, DC/Rockville MD, from October 10–11, 2017. Alan Calder will be speaking on October 10, from 11:40

am – 12:20 pm.

Delegates interested in attending the conference can find out more about the agenda and book tickets here>>.

Organizations interested in achieving certification to ISO 27001 can find out how IT Governance can help them by visiting our website, emailing servicecenter@itgovernanceusa.com, or calling 1-877-317-3454.
