

# Bifold Doors Market is Predicted to Grow at Approximately 5% CAGR During The Forecast Period

*Market research future published a Half cooked research report on global bifold doors market its expected to grow over the CAGR of 5% approximately by 2023*

PUNE, MAHARASHTRA, INDIA, July 20, 2017 /EINPresswire.com/ -- [Global Bifold Doors Market](#) Information by Material (Wood, Aluminum, PVC, and others), by Application (Residential, and Non-residential) and Region - Forecast to 2023

[Bifold doors market](#) is seen growing in last couple of years due to the changing consumer preferences and increasing household investment on personal construction and renovations. The market has gained popularity owing to inclination towards bringing aesthetic appeal to the construction.

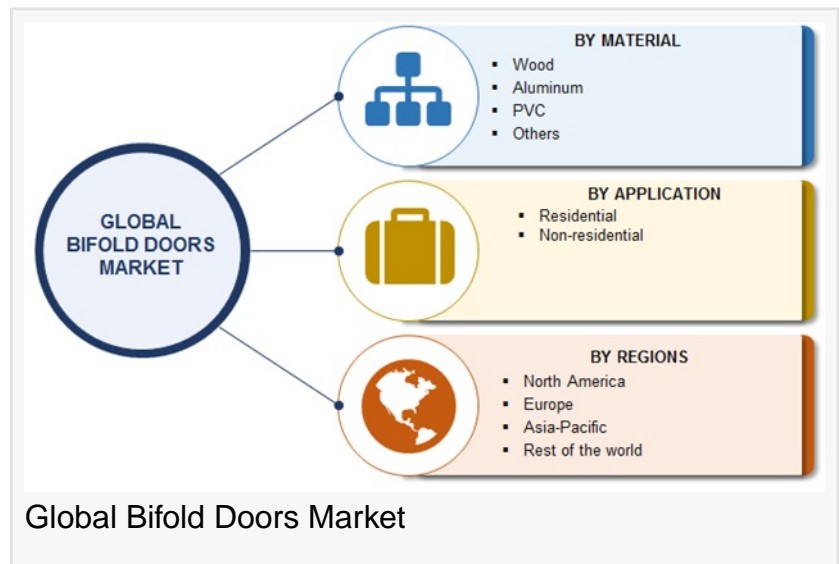

The market is further expanding due to increasing demand from the Asia-Pacific countries such as China, India and Indonesia. The region has observed positive economic growth which in turn boosts the real-estate and infrastructure development. The various government policies offer lucrative investment opportunities to the foreign as well as domestic investors. For instance, the 'Smart Cities' initiative by the Indian government has led to increased real-estate development in the country which in turn boosts the demand for bifold doors. The global market is expected to grow at approximately 5% CAGR during the forecast period.
