

Copper Pipes and Tubes Market in EMEA to Grow at a CAGR Of 4.62% and Forecast to 2021

Wiseguyreports.Com Publish New Market Research Report On-“Copper Pipes and Tubes Market in EMEA to Grow at a CAGR Of 4.62% and Forecast to 2021”.

PUNE, INDIA, July 24, 2017 /EINPresswire.com/ --

[Copper Pipes and Tubes Market in EMEA 2017](#)

Executive Summary

Copper is considered as a base metal like zinc, nickel, and aluminum, and is heavily used in industries like the power industry. The major contributing countries in the production of copper includes Chile, China, and Peru. Chile alone accounted for a share of more than 33% in the global production of copper in 2015 and is also by far the country with the largest copper reserves.

The analysts forecast the copper pipes and tubes market in Europe And Middle East region to grow at a CAGR of 4.62% during the period 2017-2021.

Covered in this report

The report covers the present scenario and the growth prospects of the copper pipes and tubes market in Europe And Middle East region for 2017-2021. To calculate the market size, the report discusses the major drivers influencing the market growth and the challenges faced by the key vendors and the market.

The market is divided into the following segments based on geography:

- Africa
- Europe
- Middle East

The report, Copper Pipes and Tubes Market In Europe And Middle East Region 2017-2021, has been

prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- MetTube
- Luvata
- KME
- Mueller Industries
- Qaem Copper

Other prominent vendors

- Metal Gems (Mehta Group)
- Maksal
- Elektrosan
- Furukawa Metal
- Sumitomo
- Qingdao Hongtai Metal

Market driver

- High demand from HVAC segment.
- For a full, detailed list, view our report

Market challenge

- Shortage of raw materials and skilled labor in Middle East.
- For a full, detailed list, view our report

Market trend

- Increasing use of cupronickel tubes.
- For a full, detailed list, view our report

Table of Contents

PART 01: Executive summary

PART 02: Scope of the report

- Market overview
- Market size calculation
- By finish type
- By outer diameter
- By application
- By geography

PART 03: Market research methodology

- Research methodology
- Economic indicators

PART 04: Introduction

- Key market highlights
- Outlook

PART 05: Market landscape

- Market size and forecast
- Five forces analysis
- Copper pipes and tubes classification
- Procurement process followed by original equipment manufacturers (OEMs)
- Procurement process followed by mechanical, electrical, and plumbing (MEP) contractors

PART 06: Market segmentation by finish type

- Copper pipes and tubes market in EMEA by finish type

PART 07: Market segmentation by outer diameter

- Copper pipes and tubes market in EMEA by outer diameter

PART 08: Market segmentation by application

- Copper pipes and tubes market in EMEA by application
- Copper pipes and tubes market in EMEA in HVAC segment
- Copper pipes and tubes market in EMEA in industrial heat exchanger segment
- Copper pipes and tubes market in EMEA in plumbing segment
- Copper pipes and tubes market in EMEA in electrical and others segments

PART 09: Market segmentation by geography

- Copper pipes and tubes market in EMEA by target region
- Copper pipes and tubes market in Europe
- Copper pipes and tubes market in Middle East
- Copper pipes and tubes market in Africa

PART 10: Market drivers

- Distinct properties of copper
- Growing economies in EMEA
- High demand from HVAC segment

PART 11: Impact of drivers

PART 12: Market challenges

- Pitting corrosion in copper piping
- Competition from alternative metals and materials
- Shortage of raw materials and skilled labor in Middle East
- Volatile raw material prices of copper

PART 13: Impact of drivers and challenges

PART 14: Market trends

- Technological enhancement
- Increasing use of cupronickel tubes
