

Chlor-Alkali Market 2017: Company Profiles, Market Segments, Landscape and Demand by Forecast 2022

Global Chlor-Alkali Market Information-by product type , by application and by Region - Forecast to 2022

PUNE, MAHARASHTRA, INDIA, July 24, 2017 /EINPresswire.com/ --
Market Synopsis of Global Chlor-Alkali Market:

Global Chlor-Alkali market is projected to reach USD XX million by 2022 and is estimated to reach CAGR of XX % by 2022. Global Chlor-Alkali market is segment based on product and application. Chlor- Alkali by product are soda ash, caustic soda, chlorine gas and others. By using Solvay process soda ash is prepared. Through electrolysis of NaCl, Caustic soda and Chlorine is prepared. Caustic soda also known as sodium hydroxide in chemicals are having demand more compared to other Chlor-Alkali products. The major application of caustic soda are organic chemicals, soaps & detergents, water treatment, and food and pulp & paper. The challenges for global caustic soda are high manufacturing costs and government regulations about environment safety in Middle East & Africa and Asia-Pacific. With

“

The key players of Global Chlor-Alkali Market are AkzoNobel NV, Bayer Material Sciences AG, Dow Chemicals, Tata Chemicals Ltd, Axiall Corporation, Olin Corporation, Formosa Plastics Corporation”

Market Research Future

development of major manufacturing industries globally will help in growing demand for caustic soda in alumina and chemical market. The growing demand for plastic paints, elastomers drives the market of Chlorine product in Chlor-Alkali market. Rise in population, increase in consumer disposable income and changing lifestyle trends drives the market of textile, glass, food & paper industry.

Geographically, APAC region dominates this Chlor- Alkali market both in terms of volume and value and is expected to grow significantly at the same rate. China is major revenue generating country due to rapid industrialization, low cost of raw material and labor and high manufacturing of Chlor-Alkali

products. North America and Europe is second and third due to less production of Chlor- Alkali Products compared to developing economies.

The major restrain for Chlor-Alkali manufacturers are government regulation for environment safety as mercury and carbon emissions from these products are major concerns.

Key Players:

The key players of Global Chlor-Alkali Market are AkzoNobel NV, Bayer Material Sciences AG, Dow Chemicals, Tata Chemicals Ltd, Axiall Corporation, Olin Corporation, Formosa Plastics Corporation, Nirma Limited, Occidental Petroleum Corporation, Solvay S.A. and others.

Reasons to buy:

- This report includes in-depth study analysis of Chlor-Alkali market
- It covers market segmentation by type, by application and by end user.
- It helps in identifying region-wise major suppliers and understand consumption patterns.
- The report will provide useful and premium insights that will support in investments of Chlor-Alkali and allied companies providing details on the fast-growing segments and regions.
- In addition, it will provide key findings that will help the companies to improve profitability by using supply chain strategies, cost effectiveness of various products mentioned in the report.
- The data used in the report is primarily based on primary interviews with the major producing companies and industry experts and supported by authentic industry data from secondary sources.

Study Objectives of Chlor-Alkali Market:

- To study market overview of the Chlor-Alkali.
- To estimate market size by product type, by application and region.
- To provide insights about market drivers, restrains and opportunities of Chlor-Alkali
- To provide geographically market analysis and outlook for North America, Europe, Asia, and Rest of the World (ROW) and their countries.
- To analyze the Global Chlor-Alkali Market based on various factors- supply chain analysis, porters five force analysis etc.
- To provide strategic profiling of the key players in the market, broadly analyzing their core competencies.
- To evaluate competitive developments such as joint ventures, strategic alliances, mergers and acquisitions, new product developments, and research and developments in the Global Chlor-Alkali.

Key Points from Table of Contents:

10. Company Profiles

10.1 AkzoNobel NV

- 10.1.1 Overview
- 10.1.2 Financials
- 10.1.3 Product Portfolio
- 10.1.4 Business Strategies
- 10.1.5 Recent Development

10.2 Bayer Material Sciences AG

- 10.2.1 Overview
- 10.2.2 Financials
- 10.2.3 Product Portfolio
- 10.2.4 Business Strategies
- 10.2.5 Recent Development

10.3 Dow Chemicals

- 10.3.1 Overview
- 10.3.2 Financials
- 10.3.3 Product Portfolio
- 10.3.4 Business Strategies
- 10.3.5 Recent Development

- 10.4 Tata Chemicals Ltd
- 10.4.1 Overview
- 10.4.2 Financials
- 10.4.3 Product Portfolio
- 10.4.4 Business Strategies
- 10.4.5 Recent Development
