

Produced Water Treatment 2017 Global Market Expected to Grow at CAGR Of 5.40% and Forecast to 2021

Wiseguyreports.Com Publish New Market Research Report On-“Produced Water Treatment 2017 Global Market Expected to Grow at CAGR Of 5.40% and Forecast to 2021”.

PUNE, INDIA, July 25, 2017 /EINPresswire.com/ --

[Produced Water Treatment Market 2017](#)

Executive Summary

Produced water in the oil and gas industry is the water that is produced along with the crude oil and natural gas from petroleum wells. Petroleum reservoirs often contain water along with the liquid and gas hydrocarbons and this water is usually present below the zone of hydrocarbons. Water is the largest by-product obtained during oil and gas production and contain foreign materials such as grease and salt. The wastewater includes the water obtained from sewage systems, water injected into wells, drilling of exploration wells, oil and gas processing, and refining. Proper and effective management of water is necessary to improve oil production, enhance environmental protection and operational efficiency, and boost savings. Produced water is the term used in the oil and gas industry for the water that is produced along with the crude oil and natural gas from petroleum wells. Petroleum reservoirs often contain water along with the liquid and gas hydrocarbons and water is usually present below the zone of hydrocarbons.

The analysts forecast the global produced water treatment market to grow at a CAGR of 5.40% during the period 2017-2021.

Covered in this report

The report covers the present scenario and the growth prospects of the global produced water treatment market for 2017-2021. To calculate the market size, the report considers the new installations and services.

The market is divided into the following segments based on geography:

- Americas
- APAC

- EMEA

Request a Sample Report @ <https://www.wiseguyreports.com/reports/1628843-global-produced-water-treatment-market-2017-2021>

The report, Global Produced Water Treatment Market 2017-2021, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- CETCO Energy Services
- Schlumberger
- Siemens
- Veolia
- Weatherford

Other prominent vendors

- Aker Solutions
- Alderley
- Aquatech International
- atg UV Technology
- Baker Hughes
- DPS Global
- Ecosphere Technologies
- Exterran
- FMC Technologies
- Frames
- Genesis Water Technologies
- IDE Technologies
- Opus
- Ovivo
- ProSep
- South Water
- SUEZ
- ThermoEnergy

Market driver

- Rising demand for oil and gas
- For a full, detailed list, view our report

Market challenge

- Corrosion in produced water storage tanks and pipelines
- For a full, detailed list, view our report

Market trend

- Advances in produced water treatment technology
- For a full, detailed list, view our report

Table of Contents

PART 01: Executive summary

PART 02: Scope of the report

PART 03: Research Methodology

PART 04: Introduction

- Market outline

PART 05: Market landscape

- Market overview
- Market size and forecast
- Five forces analysis

PART 06: Market segmentation by application

- Global produced water treatment market by application
- Global produced water treatment market in onshore segment
- Global produced water treatment market in offshore segment

PART 07: Geographical segmentation

- Global produced water treatment market by geography
- Produced water treatment market in Americas
- Produced water treatment market in EMEA
- Produced water treatment market in APAC

PART 08: Decision framework

PART 09: Drivers and challenges

- Market drivers
- Market challenges

PART 10: Market trends

- Rise in unconventional oil and gas resources
- Advances in produced water treatment technology
- Reuse of produced water for beneficial purposes
