

HelioPower, Inc. Appoints Brad Schmehl as Vice President of Integrated Energy Solutions

MURRIETA, CA, UNITED STATES, July 26, 2017 /EINPresswire.com/ -- [HelioPower, Inc.](#) a leader and provider of integrated energy solutions, today announced the appointment of Brad Schmehl to the role of Vice President of Integrated Energy Solutions. Brad recently served as Regional Energy Solutions Group Manager, spearheading HelioPower's home energy solutions practice by providing whole house energy solutions to residential customers.

"As we continue to grow and reduce the cost of energy for our clients, we depend on leaders like Brad to deliver sustainable and comprehensive solutions to help our clients reduce their cost of energy." Commented Mo Rousso, President and Founder of HelioPower, "I am very proud to have Brad serve as Vice President of Integrated Energy Solutions where he will continue to lead with our integrated energy solutions approach to all of our market segments."

Brad has been with HelioPower since 2011, treating clients with the highest level of integrity while providing them top-tier level of both products and services to achieve their energy independence. He has more than 16 years of experience in the construction industry, with expertise and extensive knowledge with windows and doors, solar PV, and energy efficiency.

Brad will serve on the organization's leadership team overseeing the Sales and Marketing department responsible for representing HelioPower's service lines: Professional Services, EPC (Engineering, Procurement, and Construction), Energy Analytics, and Asset Management/ O&M (Operations & Maintenance). Additionally, he will be in charge for determining the product mix and pricing that HelioPower offers; in order to grow the business, develop the appropriate solutions toolkit, and accomplish the Integrated Energy Solution (IES) mission.
