

Contact Lenses Market Provides Key Clinical Trial Data of Ongoing Trials Specific to Pipeline Products

Orbisresearch.Com adds "Contact Lenses-Medical Devices Pipeline Assessment, 2017" To Its Research Database

DALLAS, TEXAS, UNITED STATES, July 27, 2017 /EINPresswire.com/ -- GlobalData's Medical Devices sector report, "[Contact Lenses](#) - Medical Devices Pipeline Assessment, 2017" provides an overview of Contact Lenses currently in pipeline stage.

The report provides comprehensive information on the pipeline products with comparative analysis of the products at various stages of development. The report reviews major players involved in the pipeline product development. It also provides information about clinical trials in progress, which includes trial phase, trial status, trial start and end dates, and, the number of trials for the key Contact Lenses pipeline products.

This report is prepared using data sourced from in-house databases, secondary and primary research by GlobalData's team of industry experts.

Note: Certain sections in the report may be removed or altered based on the availability and relevance of data in relation to the equipment type.

Companies Mentioned:

Aeon Astron Corporation
Alcon Laboratories Inc
Apeliotus Ophthalmics
Auburn University
Axcelon Biopolymers Corp.
Bar-Ilan University
Bausch & Lomb Inc
Children's Hospital Boston
CooperVision Inc
EP Global Communications, Inc.
Euclid Systems Corp
e-Vision Medical Devices, Inc.
Eyenovations
EyeYon Medical

Imperial College London
Johnson & Johnson Vision Care Inc
Massachusetts Eye and Ear Infirmary
Novartis AG
Ocular Dynamics, LLC
Ocutec Ltd
Presbia Plc
RetMap Inc
Stanford University
SynergEyes Inc
The Hong Kong University of Science and Technology
The University of New South Wales
UltraVision CLPL
University of California San Diego
University of Florida
University of Valencia
University of Washington
Valeant Pharmaceuticals International Inc
Visioneering Technologies Inc
VISTAKON Pharmaceuticals LLC
Yolia Health

Scope

- Extensive coverage of the Contact Lenses under development
- The report reviews details of major pipeline products which includes, product description, licensing and collaboration details and other developmental activities
- The report reviews the major players involved in the development of Contact Lenses and list all their pipeline projects
- The coverage of pipeline products based on various stages of development ranging from Early Development to Approved / Issued stage
- The report provides key clinical trial data of ongoing trials specific to pipeline products
- Recent developments in the segment / industry

Reasons to buy

The report enables you to -

- Formulate significant competitor information, analysis, and insights to improve R&D strategies
- Identify emerging players with potentially strong product portfolio and create effective counter-strategies to gain competitive advantage
- Identify and understand important and diverse types of Contact Lenses under development
- Develop market-entry and market expansion strategies
- Plan mergers and acquisitions effectively by identifying major players with the most promising pipeline
- In-depth analysis of the product's current stage of development, territory and estimated launch date

About Us:

Orbis Research (orbisresearch.com) is a single point aid for all your market research requirements. We have vast database of reports from the leading publishers and authors across the globe. We specialize in delivering customized reports as per the requirements of our clients. We have complete information about our publishers and hence are sure about the accuracy of the industries and verticals of their specialization. This helps our clients to map their needs and we produce the perfect required market research study for our clients.
