

# Automated Storage and Retrieval System (ASRS) Market Outlook and Forecast 2023: Growth Factors, Top Players Analysis

Automated Storage and Retrieval System Market By Type (Unit Load, Mini Load, Micro Load), By Applications (Order Picking, Replenishment, Kitting, Order Picking)

PUNE, MAHARASHTRA, INDIA, July 27, 2017 /EINPresswire.com/ -- Market Highlights

The study reveals that Automated Storage and Retrieval System is trending in North America region. In recent times, the mini-load systems are required to extract that grasp handles on vacuums that attach with suction. Additionally, the Robotic arms also play a crucial role in AS/RS mini-loads. The utilizing AS/RS will increase efficiency and throughput, that provide more

space, and reduces building costs, will lead to the growth of this market. The study indicates that the AS/RS play one of the important role in meeting the tough demands of logistics operation. It allows to extends order in less times, boosts product security, saves space up to 85% and many more are the factors, expected to favor the growth of the <u>Automated Storage and Retrieval System Market</u>.

The study indicates that the warehouse automation systems has configured to be completely redundant, spreading inventory and also reduces the need on the ability of any AS/RS Shuttle to handle a task.

The Automated Storage and Retrieval System Market is growing rapidly over 7.7% of CAGR and is expected to reach at USD \$~10.81 Billion by the end of forecast period.

# **ASRS Market Players:**

- IIGW Logistics Group GmbH (Austria)
- •Bwisslog Holding AG (Switzerland)
- Daifuku Co., Ltd. (Japan)
- •BSI Schaefer Group (Germany)
- Murata Machinery (Japan)
- Inapp AG (Austria)
- •Mecalux SA (Spain)
- Tanderlande Industries (Netherlands)
- Bystem Logistics Corporation (Italy)
- Bastian Solution (US)
- Beumer Group (Germany)

- Dematic GmbH & Co. KG (Germany)
- Mardex Group (Switzerland)

## ASRS Market Segmentation

The Automated Storage and Retrieval System Market has been segmented on the basis of categories, techniques, end -users and region. The semiconductor and electronics are expected to propel the highest growth rate during the forecast period as the AS/RS Systems can also easily expanded to meet increasing productivity demands in the North America region.

### Market Research Analysis:

On geographic basis, Automated Storage and Retrieval System market is studied in different regions as Americas, Europe, Asia-Pacific and Rest of world. It has been observed that North America region is leading with largest market share growth in the Automated Storage and Retrieval System market as the trend of e-commerce in the logistics and warehousing industry is growing in these regions. In this market, Europe is to be estimated to be the second largest market share for Automated Storage and Retrieval System solutions during the forecast period.

### Intended Audience

- Raw material providers
- Automated Storage and Retrieval System manufacturing companies
- Product sales and distribution companies
- Government regulatory authorities
- ASRS Original Equipment Manufacturers
- Raw Material Suppliers
- Assembly and Packaging Vendors
- Technical Universities
- Technology standards organizations
- Technology investors
- Research institutes
- System Integrators
- Research/Consultancy firms

### About Market Research Future:

At Market Research Future (MRFR), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.
