

# Kentucky Corporate Whistleblower Center Now Urges an MD or a Healthcare Manager in Kentucky to Call About Rewards If They Have Proof Their Employer Is Substantially Overbilling Medicare

WASHINGTON, DC, USA, August 8, 2017 /EINPresswire.com/ -- The Kentucky Corporate Whistleblower Center says, "We are urging a medical doctor or healthcare manager in Kentucky to call us anytime at 866-714-6466 for a discussion about how the federal whistleblower reward program works-for people who have proof of multi-million-dollar Medicare fraud or overbilling. We think a physician or healthcare professional with proof a Kentucky based healthcare provider is involved in a million-dollar scheme to overbill Medicare should at least inquire about the potential value of their information."

The types of medical doctors or healthcare workers in Kentucky the Kentucky Corporate Whistleblower would like to hear from about federal whistleblower rewards include:

- \* A ER doctor who can prove their Kentucky based hospital/employer is routinely and intentionally admitting Medicare patients for medically unnecessary tests or procedures.
- \* An employee at a Kentucky based skilled nursing facility or nursing home that is intentionally overbilling Medicare for unnecessary medical procedures or for medical procedures that never took place. The facility could be based in Lexington, Meads, Louisville, Lexington, Bowling Green, Owensboro, Covington or anywhere in Kentucky
- \* A Kentucky based cardiology group that is performing high volume unnecessary cardiac procedures on Medicare recipients.
- \* A Kentucky based hospice provider that is signing up Medicare patients for hospice-even though the patients do not qualify for hospice-because they are not dying.

The Center says, "If you are a medical doctor or a healthcare worker anywhere in Kentucky and you have proof a healthcare provider is overbilling Medicare every day for unwarranted medical

procedures or medical treatments please call us anytime at 866-714-6466 and allow us to try to figure out what your potential whistleblower reward might be worth. The wrongdoing must involve at least a million dollars for a whistleblower to get properly compensated. Why sit on a winning lotto ticket without ever knowing what it might be worth?" <http://Kentucky.CorporateWhistleblower.Com>

Simple rules for a whistleblower from the Kentucky Corporate Whistleblower Center: Do not go to the government first if you are a potential whistleblower with substantial proof of wrongdoing. The Kentucky Corporate Whistleblower Center says, "Major whistleblowers frequently go to the government thinking they will help. It's a huge mistake. Do not go to the news media with your whistleblower information. Public revelation of a whistleblower's information could destroy any prospect for a reward. Do not try to force a company/employer or individual to come clean about significant Medicare fraud, overbilling the federal government for services never rendered, multi-million dollar state or federal tax evasion, or a Kentucky based company falsely claiming to be a minority owned business to get preferential treatment on federal or state projects. Come to us first, tell us what type of information you have, and if we think it's sufficient, we will help you with a focus on you getting rewarded."
