

India Rice Milling Market: Industry Analysis, Future Growth and Forecast to 2022

India Rice Milling Market, By Equipment By Capacity and Region - Forecast 2016-2022

PUNE, MAHARASHTRA, INDIA, July 31, 2017 /EINPresswire.com/ -- Market Highlights:

The objective of a rice milling system is to remove the husk and the bran layers from paddy rice to produce whole white rice that are sufficiently milled, free of impurities. The increased investment in R&D and innovation has made the rice milling market flourish in the country. The [India rice milling market](#) is anticipated to witness the growing market due to changing scenario of Indian agriculture and especially agro-based processing industries.

“

Key Players: Buhler Group,
G.G. Dandekar Machine
Works Ltd., Satake
Corporation, Savco Sales Pvt
Ltd., G.S International”

Market Research Future

The market is highly driven by the healthy economic indicators in India such as increased disposable income of

average household in the country. This has led to increased demand of clean and packaged rice, wheat and other grains. The processing companies in order to cater to the need of the people demand more of such machineries and thus the market has expanded over the years. However huge initial costs, crop failure and lack of warehouses acts as a restraint.

Brief TOC:

- 1 Introduction
- 1.1 Definition
- 1.2 Scope of the Study

1.3 Assumptions	
1.4 Market Structure	
2 Research Methodology	
2.1 Research Process	
2.2 Primary Research	
2.3 Secondary Research	
2.4 Market Size Estimation	
2.5 Forecast Model	
3 Market Dynamics	
3.1 Drivers, Restraints and Trends of India Rice Milling Market	
3.2 Drivers	
3.2.1 Increased investment in technology upgradation and modernization of rice mills in India	
3.2.2 Government supportive policies and schemes	
3.3 Restraints	
3.3.1 Huge initial investment	
3.3.2 Crop Failure	
3.3.3 Lack of storage and warehousing infrastructure	
3.4 Opportunities	
3.4.1 Changing consumer preferences
