Tips for hiring an attorney for a public utility or municipal worker who has been diagnosed with mesothelioma anywhere in Texas from the Texas Mesothelioma Victims Center:

* "To get the best financial compensation for an individual who was exposed to asbestos while working for a public utility, it is vital the person or their family hire a national caliber full-time mesothelioma attorney who has a track record of successfully representing public utility workers for a decade or more.

“

Our number one goal is to help ensure the best possible mesothelioma compensation for people with mesothelioma and the lawyers we suggest do get the best financial compensation results”

Texas Mesothelioma Victims Center

* “When it comes to obtaining the best possible mesothelioma compensation a lawyer’s skill and experience do matter-enormously.

* “Before hiring a lawyer-ask for references and be certain to confirm the lawyers-law firm really does produce the types of compensation results they produce. If the lawyers suggest a name or mention another law firm it is not a good sign.

* “Because it is nearly impossible to fire a lawyer/law firm once you have hired them, we are urging a public utility worker with mesothelioma in Texas or their family to call us anytime at 800-714-0303 for some suggestions about specific attorneys they should be talking with.

* “Our number one goal is to help ensure the best possible mesothelioma compensation for people with mesothelioma and the lawyers we suggest do get the best financial compensation results.”

High-risk work groups for exposure to asbestos in Texas include Veterans of the US Navy, power plant workers, oil refinery workers, oil rig workers, chemical plant workers, factory workers, plumbers, electricians, auto mechanics, machinists, and construction workers. Typically, the exposure to asbestos occurred in the 1950's, 1960's, 1970's, or 1980's.

The states indicated with the highest incidence of mesothelioma include Maine, Massachusetts, Connecticut, Maryland, New Jersey, Pennsylvania, Ohio, West Virginia, Virginia, Michigan, Illinois, Minnesota, Louisiana, Washington, and Oregon. However, because Texas is one of the nation's largest energy producing states mesothelioma does happen to very good people in Texas.
