

Industrial Starches Market Analysis, Future Growth, Business Prospects and Worldwide Forecast to 2022

Industrial Starches Market Analysis and Forecast by Source (Corn, Cassava), Production Process (Oxidized), Application (Food & Beverages) and Region –2022

PUNE, MAHARASHTRA, INDIA, August 16, 2017 /EINPresswire.com/ -- Market Overview:

“ We enable our customers to unravel the complexity.”

Market Research Future

Industrial starches is transformed into sugars, by malting, and fermented to yield ethanol to manufacture biofuel, whisky and beer. It is treated to yield different by products which are used in various food processes. Industrial starch when dissolved in warm water, has various application such as thickeners, adhesive, emulsifiers, and others. Moreover industrial starches are highly used as an adhesive in paper, packaging material manufacturing, processed food which included snacks, baked food, condiments and others.

“

Major Key Players are Archer Daniels Midland Company (U.S.), Ingredion Incorporated (U.S.), Tate & Lyle PLC (U.K.), Agrana Beteiligungs-AG (Austria), Grain Processing Corporation (U.S.)”

Market Research Future

It is extracted and refined from seeds, roots and tubers, by using various process such as wet grinding, washing, sieving and drying. There is rise in demand for adhesive from the packaging industry as e-commerce industry is growing in recent years, higher demand for convenience food as fast food chains are growing, are major driving forces for [industrial starches market](#). Globally the market for industrial starches is estimated to grow at the rate of about 4% from 2016 to 2022.

Competitive Analysis-

This report includes a study of strategies used in the market, mergers and acquisitions in industrial starches, multiple product launch by Industrial Starches Market players. It further includes product portfolios and developments of leading major players which includes

- Ingredion Incorporated (U.S.)
- Tate & Lyle PLC (U.K.)
- Agrana Beteiligungs-AG (Austria)
- Archer Daniels Midland Company (U.S.)
- Grain Processing Corporation (U.S.)
- Roquette Frères (France)

About Market Research Future:

At [Market Research Future \(MRFR\)](#), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.

MRFR team have supreme objective to provide the optimum quality market research and intelligence services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to answer all their most important questions.

In order to stay updated with technology and work process of the industry, MRFR often plans & conducts meet with the industry experts and industrial visits for its research analyst members.
