

Insulin Pump Market is projected to reach USD 8520.9 million by 2023 with CAGR of 8.4%

Global Insulin Pump Market Information, by types (Traditional insulin pump, Disposable insulin pump); by end users - Forecast to 2023

PUNE, MAHARASHTRA, INDIA, August 15, 2017 /EINPresswire.com/ -- Market Scenario:

Major Key Players are Braun Melsungen AG, F. Hoffmann-La Roche AG, Medtronic, Abbott Laboratories, Becton, Dickinson and Company, Sanofi, Insulet Corporation"
Market Research Future

Continuous subcutaneous insulin, or the insulin pump, has picked up popularity and advancement as a physiologic programmable technique for insulin delivery which is adaptable and life style friendly. Furthermore, the introduction of constant observing with glucose sensors gives exceptional access to, and forecast of, a patient's blood glucose levels. Research and development is in progress to coordinate the two technologies, from "sensor-augmented" and "sensor-driven" pumps to a completely automated and independent sensing and delivery

system.

The [Global market for Insulin Pump](#) is expected to reach USD 8520.9 million by the end of the forecasted period and is expected to grow at a CAGR of 8.4% from 2017 - 2023.

Major Key Players

- Braun Melsungen AG,
- E. Hoffmann-La Roche AG,
- Medtronic,
- Abbott Laboratories,
- Becton,
- Dickinson and Company,
- Sanofi, Insulet Corporation

Key Findings

- The Global Insulin Pump market is expected to reach USD 8520.9 million by 2023.
- By types, Traditional insulin pump segment holds the largest market share of Global Insulin Pump market and is expected to reach USD 4587.5 million by 2023.
- By End User, Home Care segment is expected to grow at a fastest CAGR of 8.9%.

Test the market data and market information presented through more than 60 market data tables and figures spread over 78 numbers of pages of the project report. Avail the in-depth table of content (TOC) & market synopsis on "[Insulin Pump Market Research Report - Global Forecast to 2023](#)"

Intended Audience

- Insulin Pumps equipment suppliers

- Insulin Pumps
- Laboratories
- Government Research Laboratories
- Government and Independent Regulatory Authorities
- Medical Research Institutes

Segments:

Global Insulin Pump Market has been segmented on the basis of types which comprises of Traditional insulin pump and Disposable insulin pump. On the basis of end users, it comprises of Hospital & Clinics, Home Care, and Laboratories.
