Description

Wiseguyreports.Com Adds “Pallet Pooling -Market Demand, Growth, Opportunities and Analysis of Top Key Player Forecast To 2022” To Its Research Database

According to Statistics MRC, the Global Pallet Pooling Market is expected to grow from \$695.34 million in 2016 to reach \$1214.12 million by 2023 with a CAGR of 8.3%. Rapid industrialization and globalization, growth in logistic services, and increasing demand from pharmaceutical industry due to strict regulations to maintain cleanliness while transporting pharmaceuticals are some of the major factors bolstering the market growth. However, high cost and shortage of raw material are hindering the market growth during the forecast period.

Wood material is expected to dominate the global market during the forecast period due to its properties such as light weight and also increasing adoption by food industry. North America accounted for the largest share in global pallet pooling market followed by Europe. Asia Pacific is projected to grow at a faster pace. Rapid industrialization, increasing demand from pharmaceutical industry and huge investments by key players in emerging countries such as China and India are the factors favoring the market growth in this region.
