PUNE, INDIA, August 16, 2017
/EINPresswire.com/ --

The analysts forecast the global secondary tickets market to grow at a CAGR of 12.92% during the period 2017-2021.

Secondary tickets are the event tickets resold through legal or illegal methods. The events include concerts, theaters, and sporting games. Ticket resale is done with the purpose of earning a higher return. The secondary tickets are resold by both legal and illegal resellers or brokers, who buy bulk tickets at face value or increased value and sell them to buyers when the event date approaches. Sometimes, a reseller can make double the amount of money paid for the ticket; however, they also incur a loss when the demand for the event is less.
