

Field Devices Calibration Services 2017 Global Market Expected to Grow at CAGR 6.19 % and Forecast to 2021

WiseGuyReports.com adds "Field Devices Calibration Services 2017 Global Market Expected to Grow at CAGR 6.19 % and Forecast to 2021 " reports to its Database.

PUNE, INDIA, August 21, 2017 /EINPresswire.com/ --

[Field Devices Calibration Services SWOT Analysis And Forecast 2021](#)

About Field Devices Calibration Services

Calibration is a service carried out to compare the performance of a field device/instrument against the standard specifications. It identifies the fault of the instrument, reduces the downtime of an instrument, and enhances productivity. Calibration services are one of the most important services under instrumentation services, as they are a must for testing and maintenance devices. These services help to maintain precision and accuracy of devices, and record and rectify the deviations in performance from standard specifications.

Technavio's analysts forecast the global field devices calibration services market to grow at a CAGR of 6.19% during the period 2017-2021.

Covered in this report

The report covers the present scenario and the growth prospects of the global field devices calibration services market for 2017-2021. To calculate the market size, the report considers new installations of calibrators and calibration services of field devices.

The market is divided into the following segments based on geography:

- Americas
- APAC
- EMEA

Technavio's report, Global Field Devices Calibration Services Market 2017-2021, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Request For Sample Report @ <https://www.wiseguyreports.com/sample-request/1815322-global-field-devices-calibration-services-market-2017-2021>

Key vendors

- ABB
- Endress+Hauser
- Exova
- Siemens
- Yokogawa

Other prominent vendors

- Honeywell
- Keysight Technologies
- Transcat
- Thermo Fisher Scientific
- Rohde & Schwarz
- Branom Instrument
- Rockwell Automation

Market driver

- Maximize production yield
- For a full, detailed list, view our report

Market challenge

- Loss of industrial productivity during device calibration
- For a full, detailed list, view our report

Market trend

- Shift from periodic to predictive calibration
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2021 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?

You can request one free hour of our analyst's time when you purchase this market report. Details are provided within the report.

Table Of Contents

PART 01: Executive summary

PART 02: Scope of the report

PART 03: Research Methodology

PART 04: Introduction

Market outline

PART 05: Market landscape

Market overview

Market size and forecast

Five forces analysis

PART 06: Market segmentation by type

Market overview

Global field devices temperature and humidity calibration services market

Global field devices electrical calibration services market

Global field devices pressure calibration services market

Global field devices mechanical calibration services market

PART 07: Market segmentation by end-user

Market overview

Global field devices calibration services market in process industries

Global field devices calibration services market in discrete industries

PART 08: Geographical segmentation

Market overview

Field devices calibration services market in Americas

Field devices calibration services market in EMEA

Field devices calibration services market in APAC

PART 09: Decision framework

PART 10: Drivers and challenges

Market drivers

Market challenges

PART 11: Market trends

Shift from periodic to predictive calibration

Increasing demand for metrology on the factory floor

Integrated calibration solutions

PART 12: Vendor landscape

Competitive scenario

Other prominent vendors

PART 13: Key vendor analysis

ABB

Endress+Hauser

Siemens

Yokogawa

PART 14: Appendix

List of abbreviations

List of Exhibits

Exhibit 01: The instrumentation services application

Exhibit 02: Benefits of calibration

Exhibit 03: Global field devices calibration services market segmentation

Exhibit 04: Global field devices calibration services market 2016-2021 (\$ millions)

Exhibit 05: Factors affecting need of calibration services

Exhibit 06: Value chain analysis

Exhibit 07: Five forces analysis

Exhibit 08: Global field devices calibration services market segmentation by type 2016 and 2021 (% share)

Exhibit 09: Benefits of calibration services

Exhibit 10: Global field devices temperature and humidity calibration services market 2016-2021 (\$ millions)
