

Personal Protective Equipment Market in India to Grow at a CAGR Of 13.29% and Forecast to 2021

Wiseguyreports.Com Publish New Market Research Report On-"Personal Protective Equipment Market in India to Grow at a CAGR Of 13.29% and Forecast to 2021".

PUNE, INDIA, August 21, 2017
/EINPresswire.com/ --

[Personal Protective Equipment Market in India 2017](#)

Executive Summary

Personal protective equipment (PPE) like helmets, gloves, and safety glasses help provide a safe and healthy work environment for employees working under extreme and hazardous conditions. The equipment is essential for the protection of eyes, ears, face, and other body parts when working around hazardous machinery. Technological innovations in industry-specific protective equipment and introduction of smart wearable devices, along with stringent regulations in many industries, have increased the adoption of PPE.

The analysts forecast the personal protective equipment market in India to grow at a CAGR of 13.29% during the period 2017-2021.

Covered in this report

The report covers the present scenario and the growth prospects of the personal protective equipment market in India for 2017-2021. To calculate the market size, the report presents a detailed picture of the market by way of study, synthesis, and summation of data from multiple sources.

Table of Contents – Key Points Analysis

PART 01: Executive summary

PART 02: Scope of the report

PART 03: Introduction

- Parent market: Global PPE Market

PART 04: Market landscape

- Market overview
- Five forces analysis

PART 05: Market segmentation by product category

- PPE market in India by product segmentation
- Market size and forecast

PART 06: Market segmentation by end-user

- PPE market in India by end-user segmentation
- Market size and forecast

PART 07: Market segmentation by distribution channel

- Market overview
- PPE market in India through organized channel
- PPE market in India through unorganized channel

PART 08: Decision framework

PART 09: Drivers and challenges

- Market drivers
- Market challenges

PART 10: Market trends

- Trade shows, trainings, and workshops by vendors to create awareness of PPE
- Integration of e-commerce channels for procurement of PPE
- Increasing use of high-visibility protective clothing at construction sites
- Introduction of smart solutions in PPE
