## [Aseptic Packaging Market in the Food Industry 2017](#)

### Executive Summary

Aseptic packaging is the process in which a product and its package are sterilized separately, and then packaged within the confines of a sterilized environment. The main purpose of this process in the food industry is to store and maintain the freshness of a food item without refrigeration for a long period, while maintaining its chemical and sensory properties. The market is segmented on the basis of packaging type, such as bottles, cartons, bags and pouches, and others.

The analysts forecast the global aseptic packaging market in the food industry to grow at a CAGR of 11.12% during the period 2017-2021.

### Covered in this report

The report covers the present scenario and the growth prospects of the global aseptic packaging market in the food industry for 2017-2021. To calculate the market size, the report considers the revenue generated by different vendors through sales of various aseptic packaging type such as bottles, cartons, bags and pouches and others.

The market is divided into the following segments based on geography:

- Americas
- APAC
- EMEA

#### Table of Contents – Key Points Analysis

PART 01: Executive summary

PART 02: Scope of the report

PART 03: Research Methodology

PART 04: Introduction

- Market outline

PART 05: Market landscape

- Market overview
- Market size and forecast
- Five forces analysis

PART 06: Market segmentation by packaging type

- Segmentation of global aseptic packaging market in the food industry by packaging type
- Global aseptic packaging market in the food industry by bottles
- Global aseptic packaging market in the food industry by cartons
- Global aseptic packaging market in the food industry by bags and pouches
- Global aseptic packaging market in the food industry by others

PART 07: Geographical segmentation

- Segmentation of global aseptic packaging market in the food industry by geography
- Aseptic packaging market in the food industry in APAC
- Aseptic packaging market in the food industry in EMEA
- Aseptic packaging market in the food industry in the Americas

PART 08: Decision framework

PART 09: Drivers and challenges

- Market drivers
- Market challenges

PART 10: Market trends

- Rising popularity of personalization in packaging
  - New alternative ways of heating food and beverages to kill microorganisms
  - Increasing importance of recycling of food and beverage packaging among consumers
- .....Continued
