

# EZ Dump Commercial Inc. to Introduce New SmartcanMax™ Recycle Model at ISSA/INTERCLEAN 2017 Show in Las Vegas

*EZ Dump Commercial Inc. will introduce and demonstrate a new SmartcanMax™ Recycle receptacle at the ISSA/INTERCLEAN Trade Show September 11-14 in booth 930.*

PHOENIX, AZ, USA, August 22, 2017 /EINPresswire.com/ -- EZ Dump Commercial Inc. announced it will introduce a new SmartcanMax™ Recycling receptacle at the ISSA/INTERCLEAN North America 2017 trade show in Las Vegas, September 11-14 in booth 930.

The new [SmartcanMax™ Recycle receptacle](#) features a blue color with a permanent Mold In Graphics® recycle symbol and text to clearly distinguish it from other receptacles and waste stream containers. It will function in the same manner as the other ISSA Innovation Award Winning SmartcanMax™ receptacles, eliminating the struggle associated with bag liner removal and potential injury for end users.

“User centric solutions are what we pride ourselves on, and we look forward to introducing the latest SmartcanMax™ Recycle at ISSA/INTERCLEAN ” says Kiran “Raj” RajBhandary, CEO of EZ Dump Commercial. “Our focus on safety, ease of use and durability is resonating with marketplaces,” says RajBhandary. “More companies, schools and municipalities capture additional waste streams as part of their sustainability programs and we are responding to their requests to offer our revolutionary receptacle SmartcanMax™ specifically for recyclables”, RajBhandary added, “listening to our customers is key - our goal is to provide the safest solutions possible in the receptacle category”.

Solving a vexing problem, EZ Dump Commercial’s SmartcanMax™ Recycle seeks to eliminate the struggle and injuries associated with bag removal of recyclables from traditional receptacles. When the SmartcanMax™ Recycle [user steps on a foot release pedal](#), it eliminates suction and vacuum completely, allowing the user to remove the can off the trash bag. The user can then get in a [safe, ergonomically neutral position](#) and remove the bag, using two hands at all times. “Trash and recyclable material handling is done millions of times daily. We are expanding our SmartcanMax™ product line, gathering customer feedback and responding accordingly,” says RajBhandary.
