

ACS Group and AIC are Sponsors of INTERFACE 2017

ACS Group and AIC are Sponsors of INTERFACE 2017

ATLANTA, GEORGIA, UNITED STATES, August 22, 2017 /EINPresswire.com/ -- ACS Group and its operating brand, AIC, are exhibiting at and sponsors of the INTERFACE 2017 trade show. This show will be held on August 24, 2017 at the Music City Center in Nashville, Tennessee.

It's critical to stay current with the technology that runs an organization and secures its operational infrastructure. INTERFACE addresses these IT issues through informative, non-sales oriented, educational seminars customized to the specific needs of the local business community. Using case studies and best practice examples, these exhibitor-presented sessions offer the solutions needed to address technology challenges and achieve organizational goals.

"This will be ACS Group and AIC's second INTERFACE session," says David Hicks, ACS Group/AIC Sales Manager. "We were an exhibitor and sponsor at last year's show in Birmingham, and it was very impressive as it brought together CIOs and IT Directors from some of the largest companies in the city in an open and engaging format. We are again an exhibitor and sponsor for our second event this year in Nashville, which includes keynote speaker, Edmund Jackson, Chief Data Scientist at Hospital Corporation of America. As we look to grow our footprint in Nashville, we are confident this event will help accelerate new relationships."

About ACS Group
