About Global Cloud Professional Services

An increased number of cloud solutions from various vendors have created a complex cloud environment. Cloud customers are struggling with integrating and managing applications, workloads, cloud stacks, and other facets of the shift to cloud. They are spending heavily on consultants and system integrators to educate, plan, and implement their cloud environments. Vendors such as IBM and HCL are providing cloud as well as cloud professional services. However, they often face challenges such as country-specific laws and vertical-specific niche requirements.

Technavio's analysts forecast the global cloud professional services market to grow at a CAGR of 23.38% over the period 2014-2019.

Covered in this Report The global cloud professional services market is segmented on the basis of services such as ADM, consulting, and SI.
