The guide covers the descriptive pharmacological action of the therapeutics, its complete research and development history and latest news and press releases.

The Blepharitis (Ophthalmology) pipeline guide also reviews of key players involved in therapeutic development for Blepharitis and features dormant and discontinued projects. The guide covers therapeutics under Development by Companies /Universities /Institutes, the molecules developed by Companies in Phase III, Phase II, Phase I and Preclinical stages are 2, 1, 1 and 5 respectively.

Blepharitis (Ophthalmology) pipeline guide helps in identifying and tracking emerging players in the market and their portfolios, enhances decision making capabilities and helps to create effective counter strategies to gain competitive advantage. Additionally, various dynamic tracking processes ensure that the most recent developments are captured on a real time basis.

## Scope

- The pipeline guide provides a snapshot of the global therapeutic landscape of Blepharitis (Ophthalmology).
- The pipeline guide reviews pipeline therapeutics for Blepharitis (Ophthalmology) by companies and universities/research institutes based on information derived from company and industry-specific sources.
- The pipeline guide covers pipeline products based on several stages of development ranging from pre-registration till discovery and undisclosed stages.
- The pipeline guide features descriptive drug profiles for the pipeline products which comprise, product description, descriptive licensing and collaboration details, R&D brief, MoA & other developmental activities.
- The pipeline guide reviews key companies involved in Blepharitis (Ophthalmology) therapeutics and enlists all their major and minor projects.
- The pipeline guide evaluates Blepharitis (Ophthalmology) therapeutics based on mechanism of action (MoA), drug target, route of administration (RoA) and molecule type.
- The pipeline guide encapsulates all the dormant and discontinued pipeline projects.
- The pipeline guide reviews latest news related to pipeline therapeutics for Blepharitis

## (Ophthalmology)

### Reasons to buy

- Procure strategically important competitor information, analysis, and insights to formulate effective R&D strategies.
- Recognize emerging players with potentially strong product portfolio and create effective counter-strategies to gain competitive advantage.
- Find and recognize significant and varied types of therapeutics under development for Blepharitis (Ophthalmology).
- Classify potential new clients or partners in the target demographic.
- Develop tactical initiatives by understanding the focus areas of leading companies.
- Plan mergers and acquisitions meritoriously by identifying key players and it's most promising pipeline therapeutics.
- Formulate corrective measures for pipeline projects by understanding Blepharitis (Ophthalmology) pipeline depth and focus of Indication therapeutics.
- Develop and design in-licensing and out-licensing strategies by identifying prospective partners with the most attractive projects to enhance and expand business potential and scope.
- Adjust the therapeutic portfolio by recognizing discontinued projects and understand from the know-how what drove them from pipeline.

### Table of Content: Key Points

#### List of Tables

#### List of Figures

#### Introduction

#### Blepharitis - Overview

#### Blepharitis - Therapeutics Development

#### Pipeline Overview

#### Pipeline by Companies

#### Products under Development by Companies

#### Blepharitis - Therapeutics Assessment

#### Assessment by Target

#### Assessment by Mechanism of Action

#### Assessment by Route of Administration

#### Assessment by Molecule Type

#### Blepharitis - Companies Involved in Therapeutics Development

#### Hovione FarmaCiencia SA

#### InSite Vision Inc

#### Kala Pharmaceuticals Inc

#### Marinomed Biotechnologie GmbH

#### Merck & Co Inc

#### NicOx SA

#### Quorum Innovations LLC

#### Blepharitis - Drug Profiles

#### azithromycin - Drug Profile

#### Product Description

#### Mechanism Of Action

#### R&D Progress

#### dexamethasone acetate - Drug Profile

#### Product Description

#### Mechanism Of Action

#### R&D Progress

#### fluticasone propionate - Drug Profile
