

Radiation Therapy Therapeutics strategies and Product 2021

Global Therapeutic Landscape of Radiation Therapy 2021

PUNE, INDIA, August 29, 2017 /EINPresswire.com/ -- Pune, India, 29th August 2017: WiseGuyReports announced addition of new report, titled “Global [Radiation Therapy](#) Market: Industry Analysis & Outlook (2017-2021)”.

Radiation therapy or radiotherapy is a therapy using ionizing radiation, generally as part of cancer treatment to control or kill malignant cells and normally delivered by a linear accelerator. Radiation therapy may be curative in a number of types of cancer if they are localized to one area of the body. It may also be used as part of adjuvant therapy, to prevent tumor recurrence after surgery to remove a primary malignant tumor (for example, early stages of breast cancer). Radiation therapy is synergistic with chemotherapy, and has been used before, during, and after chemotherapy in susceptible cancers. The sub-specialty of oncology concerned with radiotherapy is called radiation oncology.

The global radiotherapy market is segmented into three main categories; External beam therapy, internal beam therapy and others. Further, the external beam is classified into three different segments, namely; LINAC, proton beam therapy and compact advanced radiation therapy.

The key factors driving the growth of radiation therapy market are increase in the incidences of cancer, rising ageing population, increasing healthcare expenditure, increasing disposable income and rising replacement demand. One noteworthy trend in the market is integration of MRI with radiotherapy. However, the expansion of radiation therapy market is hindered by the severe side-effects of the therapy, high cost of treatment and lack of trained workers.

The report “Global Radiation Therapy Market: Industry Analysis & Outlook (2017-2021)” analyzes the development of this market, with focus on the North American, European, Asia-Pacific and Latin American regions. The major trends, growth drivers as well as issues being faced by the market are discussed in detail in this report. The four major players: Ion Beam Applications, Varian Medical Systems, Inc., Elekta AB and Accuray Inc, are being profiled along with their key financials and strategies for growth. The report contains a comprehensive analysis of the global radiation therapy market along with the study of the regional markets.

Table of Content: Key Points

1. Market Overview
 - 1.1 Radiation Therapy
 - 1.2 Types of Radiation Therapy
 - 1.3 Side Effects of Radiation Therapy
2. Global Radiation Therapy Market

2.1 Global Radiation Therapy Market Forecast by Value

2.2 Global Radiation Therapy Market by Region

2.3 Global Radiation Therapy Market by Segments

3. Global External & Internal Beam Therapy Market

3.1 Global External Beam Therapy Market

3.1.1 Global External Beam Therapy Market Forecast by Value

3.1.2 Global External Beam Therapy Market by Devices

3.1.3 Global LINAC Market Forecast by Value

3.1.4 Global LINAC Market Growth Potential

3.1.5 Global Proton Beam Therapy Devices Market Forecast by Value

3.1.6 Global Proton Beam Therapy Market Forecast by Therapy Centers

3.1.7 Global Proton Beam Therapy New Patients Volume

3.1.8 Global Proton Beam Therapy Patients Volume Forecast

3.1.9 Global Proton Beam Therapy Target Patient Population by Cancer Type

3.1.10 Global Compact Advanced Therapy Market Forecast by Value

3.1.11 Global Compact Advanced Therapy Market by Installed Base

3.1.12 Global Compact Advanced Therapy Market Forecast by Installed Base

3.2 Global Internal Beam Therapy Market Forecast by Value

4. Regional Markets

4.1 North America

4.2 Europe

4.3 Asia Pacific

4.4 Latin America

5. Market Dynamics

...Continued
