

IT Governance to exhibit at the GDPR Summit in London

IT Governance, the leading provider of data protection and information security expertise, will be exhibiting at the GDPR Summit in London this October.

ELY, UNITED KINGDOM, August 29, 2017

/EINPresswire.com/ -- The one-day event focuses on understanding the requirements and best practice for compliance with the [EU General Data Protection Regulation \(GDPR\)](#). The conference provides organisations with the opportunity to learn from leading information security, data protection and GDPR experts.

Seminars and panel discussions will offer insight into GDPR topics including data processing, consent management and data protection impact assessments. IT Governance's cyber security and GDPR experts will be available to offer support and advice on choosing the most effective solution for organisations' requirements to prepare for the GDPR.

IT Governance's founder and executive chairman, Alan Calder, said: "We're delighted to be exhibiting at the GDPR Summit in London. This is a great opportunity to discuss the GDPR and the Security of Network and Information Systems (NIS) Directive, which come into effect in May 2018. The conference will help businesses to understand the key requirements for the new data protection regulation."

The conference is on 9 October at 155 Bishopsgate in London, near Liverpool Street Station. [Visit the event website](#) to register and see more information on the agenda, including speakers and seminar topics.
