

Plan B Marine Evacuation Boat Services Expand to Long Island

Plan B Marine Opens New Locations on Long Island for its Evacuation Boat Services.

NEW YORK, NEW YORK, USA, September 5, 2017 /EINPresswire.com/ -- New service on Long Island delivers [emergency maritime evacuation](#) for companies and individuals. [Plan B Marine](#) gets individuals and businesses off the island in the event of catastrophe.

Plan B Marine today announced the addition of its maritime evacuation service from Long Island. “It’s for anyone who can’t afford to be caught in the stampede off the island if critical infrastructure fails or if evacuation is necessary,” said Plan B Marine, President and CEO, Patricia [Dowhie](#).

The evacuation service, available through arrangement at secure locations on the North Shore, provides storage, maintenance and training in the operation of Coast Guard class SAFE boats that subscribers pilot to points in Connecticut and Rhode Island if and when there’s a disaster on Long Island. Plan B Marine SAFE boats operate via a personalized security code, track via GPS and are recovered and re-readied by Plan B Marine once subscribers have gotten where they need to go. Favored by law enforcement, military, fire safety professionals and first responders worldwide, SAFE boats are craft of choice at Plan B Marine. Their ergonomic design, reinforced aluminum self righting hulls and foam collars are built to withstand the most rigorous conditions.

Should Long Island or Manhattan cease to be tenable places of residence or business, COO Chris Dowhie believes Plan B Marine offers the most secure, reliable option in a disaster. “There are a handful of bridges and highways,” he points out. “When the roads and bridges are blocked and mass transit is at a standstill, maritime evacuation is the only real alternative.”

Plan B Marine begins public display of its boats in marinas around Long Island starting Sept 8th, 09/08/2017. Test boarding and test outings are by appointment that may be made through Plan B Marine at 646-600-5380 or at www.planbmarine.com

About Plan B Marine

Plan B Marine has sales locations in Manhattan and Westhampton. It is privately owned and its principals have backgrounds in telecommunications, contingency planning, disaster recovery and nautical vessel design and operation.
