

Knitalogy inspires fun and adventure with the launch of the Peregrine Collection

Famous for an eclectic-inspired mix of knitting pattern designs, Knitalogy's highly-anticipated Peregrine Collection is expected to be a huge hit.

AIRMONT, NEW YORK, UNITED STATES, August 29, 2017 /EINPresswire.com/ -- Inspired by the love for globe-trotting and adventure and designed for the bold, free-spirited individuals in mind, the unique Peregrine Collection boasts patterns for all seasons. Afterall, it could be winter in Europe but it is always summer in the Tropics! From bold sexy cropped tops aptly named "Frolic" and "Revelry" that one can take to that awesome summer beach retreat, renaissance faires or music festivals to that stable cozy cabled "Wanderlust" beanie that is a must for that ski holiday in Switzerland or winter camping trip, there is something in this collection for every escapade.

Featured in an array of different yarn materials from cotton to wool, different color schemes and knitting techniques from lace to cables, one would surely find this collection an interesting combination.

In addition, the Peregrine Collection is a delightful knitting adventure experience itself for all levels of knitters and especially for the exploratory advance-beginner knitters looking for fun projects to challenge themselves with.

"I love seeing how people infuse their own creative magic into my designs, the joy it brings them from knitting and wearing them and the compliments they received. It really motivates me to want to create more for them!"

~Joliene, designer of Knitalogy

The word 'peregrine' is generally related to the peregrine falcon but it also means "wandering, traveling; migratory". Thus, the Collection is very close to heart for the designer, Joliene who relocated from tropical Singapore to New York in mid 2016 and is an avid traveler herself,. The designer fell in love with knitting since she first learnt it about 8 years from an aunt. Joliene states, "Knitting is my meditation and my yoga, I not only love the therapeutic effects it offers, I also relish the feeling of creating an item with delicious yarn and I want to share that experience with people through my designs."

Debuting on September 1, 2017 on their main website as Knitalogy's first collection, the Peregrine Collection is definitely one to watch out for.
