Description

WiseGuyReports.Com adds” Global Military Aircraft Hangars Market 2016-2020 “Research To Its Database.

A military aircraft hangar is a closed building structure that shelters aircraft, helicopters, and unmanned aerial vehicles (UAVs). Traditional aircraft hangars are constructed with metals or concrete. Therefore, these are fixed and unmovable in nature. However, contemporary military agencies are also increasingly using composites and fibers to erect an aircraft hangar that is portable installation and can be shifted based on the requirements of warfare.

Covered in this report

The report covers the present scenario and the growth prospects of the global military aircraft hangars market for 2016-2020. To calculate the market size, the report considers the revenue generated through the construction and installation of military aircraft hangars.

The market is divided into the following segments based on geography:

- Americas
- APAC

- EMEA

The Global Thoracic Surgery Market 2016-2020, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- AECOM
- Alaska Structures
- Contrack Watts
- DIUK ARCHES
- Rubb Buildings

Other prominent vendors

- AAR
- Evan Fall Protection
- Fulfab
- John Reid & Sons
- Universal Fabric Structures

Market driver

- Establishment of military infrastructure on remote islands.
- For a full, detailed list, view our report

Market challenge

- Maintenance costs associated with military bases.
- For a full, detailed list, view our report

Market trend

- Construction of hangar museums for public.
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2020 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?

Table of Contents -Major Key Points

PART 01: Executive summary

PART 02: Scope of the report

PART 03: Market research methodology

PART 04: Introduction

- Key market highlights
- Key takeaways
- Key procurement criteria

PART 05: Market landscape

- Market overview
- Market size and forecast
- Military aircraft hangars typology
- Five forces analysis

PART 06: Market segmentation by product

- Market size and forecast
- Global fixed installation military aircraft hangars market
- Global portable installation military aircraft hangars market

PART 07: Geographical segmentation

- Military aircraft hangars market in EMEA
- Military aircraft hangars market in Americas
- Military aircraft hangars market in APAC

PART 08: Market drivers

- Increasing emphasis on establishing facilities for sophisticated combat aircraft
- Establishment of military infrastructure on remote islands
- Larger emphasis on modular and portable hangars

PART 09: Impact of drivers

PART 10: Market challenges

- Maintenance costs associated with military bases
- Supply chain complexities and construction constraints
- Sequester caps on military spending in developed countries

PART 11: Impact of drivers and challenges

PART 12: Market trends

- Joint logistics approach
- Construction of hangar museums for public
- Modernization of underground hangars

PART 13: Vendor landscape

- Competitive landscape
- AECOM
- Alaska Structures
- Contrack Watts

- DIUK ARCHES
- Rubb Buildings
- Other prominent vendors

PART 14: Appendix

- List of abbreviations
