

# Cuomo's Justice Center Covering-Up Most Rapes and Deaths of People with Disabilities

*Staggering numbers of rapes and deaths of vulnerable New Yorkers with disabilities living in group homes are being purposefully kept from local authorities*

ALBANY, NEW YORK, UNITED STATES, August 31, 2017 /EINPresswire.com/ -- People are outraged and people are speaking out against this evil which is the worst discrimination in the history of New York State. People with disabilities are being denied 911 emergency medical and police services. People with disabilities are being denied their constitutional equal rights to equal protection of laws. People with disabilities are being treated inhumanely, they are treated as lower class citizens, they are being discriminated against.

Here is a very powerful and truthful letter in the Syracuse Times

<https://www.syracusenewtimes.com/state-run-group-homes-under-fire/> following the hard to fathom heinous maggot in breathing tube cover-up

The New York Daily News print and online section called Voice of the People piece titled, "The vulnerable need watchdogs" <http://www.nydailynews.com/opinion/aug-28-watchdogs-greed-mutts-article-1.3442927> speaks loud and clear about how these cover-ups are able to continue.

Gov. Andrew Cuomo is ignoring the most basic safety, abuse and neglect, as well as death prevention measures to protect our most vulnerable, which are required 911 emergency services and surveillance cameras. This NY Daily News letter is not the only major newspaper to print the identical problem that the NY Times Editorial Board wrote on four years ago <http://www.nytimes.com/2013/08/10/opinion/protecting-the-most-vulnerable.html?mcubz=3> following their award winning "Abused & Used" investigative reporting series which was a runner up for a Pulitzer Prize

Thousands of reports of abuse, neglect and deaths of people with disabilities are reported every month to Gov. Andrew Cuomo's run abuse hotline and practically everything is disappearing. Literally almost all rapes and criminally negligent deaths are being covered-up with the Governor Cuomo's knowledge. These crimes that are happening in massive proportion first and foremost must be stopped, but New York State Governor Cuomo's position has been obvious, it does not matter if these people live or die. The atrocities that continue to go on in New York State have just made international news. The Associated Press did an extensive investigative piece regarding maggots found twice in the breath tube of a man with disabilities

This criminal neglect case was covered-up by Governor Cuomo's wrongfully titled Justice Center, like thousands of others. It is standard operating procedure for this fraudulent and corrupt State agency to keep most reported crimes, medical emergencies and deaths from all local authorities which include local police, County elected District Attorney's and Medical Examiners. The scheme which is allowing the governors agency to get away with such horrific atrocities that are likened to war crimes is by circumventing the 911 call systems which are supposed to be in place to protect everyone. Gov. Cuomo's position is quite clear, the hell with the disabled, it is not in our interest to provide them 911 medical or police assistance or services, which is egregious & deadly discrimination. Why else would Governor Cuomo ignore; the massive NY Times "Abused & Used" series, over a dozen AP New and BuzzFeed News investigative reports on the Justice Center (please Google), the New York State Comptroller Audit and countless pleas for these emergency measures by Jonathan Carey's father <http://www.nytimes.com/2011/06/06/nyregion/boys-death-highlights-crisis-in-homes-for-disabled.html> and widely known advocate, Michael Carey, dating back to when Gov. Cuomo was the Attorney General? Anyone can change their mind and actions at any time, but what will it take for Governor Cuomo to take the most basic steps to end decades of horrific discrimination against people with disabilities and ensure them 911 emergency services and safe care? I have attached two extremely damning short videos done by AP News and the NY Daily News regarding the maggot story which was the number two AP News story in the world when it came out recently <https://www.youtube.com/watch?v=aSdCD8gxeHY> and [https://www.youtube.com/watch?v=68q\\_zWQGEKs](https://www.youtube.com/watch?v=68q_zWQGEKs)

It is also extremely important to bring to light another New York Daily News piece which revealed the fact that the New York State Assembly leadership knew that Cuomo's Justice Center was a fraud but refused to investigate or take any actions to stop the crimes occurring there <http://www.nydailynews.com/new-york/secret-tape-shames-queens-assemblyman-article-1.1814814> . Michael Carey requested investigations with full subpoena power of Cuomo's Justice Center because of the wide-scale criminal cover-ups of massive numbers of physical and sexual assault crimes and criminally negligent deaths, as well as the Medicaid fraud occurring within the Justice Center. Here is a direct quote from this powerful news story, "Assemblyman Andrew Hevesi (D—Queens), who chairs the chamber's investigations committee, said Assembly Democratic leadership believes the Justice Center for the Protection of People With Special Needs touted by Gov. Cuomo is a fraud but isn't prepared to investigate at this time."
