

Sankalp Semiconductor to Present & Exhibit at Design & Reuse IPSoC China 2017

Sankalp Semiconductor CEO to deliver a featured talk on the changing dynamics in the semiconductor

SUNNYVALE, CALIFORNIA, UNITED STATES, September 6, 2017 /EINPresswire.com/ -- Sankalp Semiconductor, a comprehensive solutions and services provider in the semiconductor space, will be exhibiting at Design & Reuse IPSoC China 2017 on 14th September in Shanghai. Sankalp Semiconductor's booth will be displaying expertise related to the digital, analog and mixed signal, custom layout, standard cell development, IO solutions, memory solutions, IP migration services and PDK development domains. Sankalp Semiconductor acts as a One-Stop [Semiconductor Services](#) store for various customer requirements. The event also will feature an industry talk by Samir Patel, CEO, Sankalp Semiconductor.

Featured Talk at IPSoC China:

When: From 9:45 am to 10:30 am on 14 September 2017

Topic: "Changing Dynamics in the Semiconductor Industry" Samir Patel, CEO, Sankalp Semiconductor

Location: Evergreen Laurel Hotel, Pudong New District, Pudong, 201203 Shanghai, China

To set-up a Meeting at the event, please send us an email at marcom@sankalpsemi.com

About Sankalp Semiconductor

Sankalp Semiconductor offers an integrated portfolio of services and solutions to its customers in key semiconductor domains including digital, analog, high-speed physical interface IP, Embedded Memory Compiler and EDA modelling. Sankalp Semiconductor is a preferred semiconductor design service partners to multiple Fortune 500 companies in the Automotive, Consumer Electronics, Industrial IoT and Medical electronics space. The company enables its customers achieve their time-to-market window by delivering first pass silicon designs and engage with product engineering teams across the globe to design System-on-Chip. Sankalp Semiconductor is based in Sunnyvale, California, with multiple development and services centers in India, Canada and Germany. www.sankalpsemi.com
