Global [Energy Management System Market](#)

Description

WiseGuyReports.Com adds" Global Energy Management System Market in the Industrial Sector 2015-2019 "Research To Its Database.

Energy management system for the Industrial sector is a system of computer-aided tools that help industries to monitor, control, and optimize their electrical loads. Energy management trend is shifting from hardware-based solutions to extensive software, hardware, and service-based solutions. This is achieved through a holistic view into the energy performance compiled by a wide array of sensing and control devices, data feeds, and analytics.

The analysts forecast the Global Energy Management System market in the Industrial sector to grow at a CAGR of 13.3 percent over the period 2014-2019.

Covered in this Report

The report covers the present scenario and the growth prospects of the Global Energy Management System market in the Industrial sector for the period 2015-2019. In terms of application, the market can be segmented into three divisions: Software, Hardware, and Services.

The Global Energy Management System Market in the Industrial Sector 2015-2019, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the Americas, and the APAC and EMEA; it also covers the landscape of the Global Energy Management System market in the Industrial sector and its growth prospects in the coming years. The report includes a discussion of the key vendors operating in this market.

Key Regions

- Americas
- APAC
- EMEA

Key Vendors

- ABB
- Alstom
- Cisco
- Ecova
- Schneider Electric

Other Prominent Vendors

- Calico Energy Services
- Cypress Envirosystems
- Siemens

Market Driver

- Increased Need to Saving Energy
- For a full, detailed list, view our report

Market Challenge

- High Initial Investment and Long Payback Period
- For a full, detailed list, view our report

Market Trend

- Development of User-friendly Programming Platforms
- For a full, detailed list, view our report

Key Questions Answered in this Report

- What will the market size be in 2019 and what will the growth rate be?
- What are the key market trends?

- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?

Scope of the Report

03.1 Market overview

03.2 Product offerings

Market Research Methodology

04.1 Market research process

04.2 Research methodology

Introduction

Market Landscape

06.1 Market overview

06.2 Market size and forecast

06.3 Five forces analysis

Market Segmentation by Application

07.1 Global energy management system market in industrial sector by application 2014

07.2 Global energy management system market in industrial sector by application 2019

07.3 Global energy management system market in industrial sector by software

07.3.1 Market size and forecast

07.4 Global energy management system market in industrial sector by hardware

07.4.1 Market size and forecast

07.5 Global energy management system market in industrial sector by services

07.5.1 Market size and forecast

Geographical Segmentation

08.1 Global energy management system market in industrial sector by geographical segmentation 2014

08.2 Global energy management system market in industrial sector by geographical segmentation 2019

08.3 Energy management system market in industrial sector in Americas

08.3.1 Market size and forecast

08.4 Energy management system market in industrial sector in EMEA

08.4.1 Market size and forecast

08.5 Energy management system market in industrial sector in APAC

08.5.1 Market size and forecast

Key Leading Countries

09.1 US

09.2 China

09.3 Japan
