*New Pilates Studio to Open in the City of Fairfax Kicks off Grand Opening Celebration with a Free Mat Class in Old Town Square*

FAIRFAX, VIRGINIA , USA, September 8, 2017 /EINPresswire.com/ -- Epiphany Pilates, a fully-equipped Pilates studio scheduled to open later this month in Fairfax, Virginia, will offer a complimentary mat class in Old Town Square on Tuesday, September 12, 2017 at 6:30pm.

"We are so excited about our new location in the City of Fairfax and have decided to kick off our grand opening celebration with an event for the entire community," explains Eurona Tilley, the owner of Epiphany Pilates. "We firmly believe that Pilates is for everyone and this is the perfect way to give something back to the city that has been so welcoming to us."

This free 55-minute class will be suitable for all fitness levels, focusing on functional movement to build strength and flexibility while promoting mind-body awareness, balance and control. Participants are encouraged to bring their own mat and water bottle to Old Town Square, which is located at 10415 North Street in downtown Fairfax.

Since originally opening in Falls Church in 2014, Epiphany Pilates has offered a full range of group and specialty classes including, Pilates, BootyBarre®, and Yoga. The studio also features an exclusive Prenatal & Postnatal Program, which includes specially-designed Pilates and barre fitness classes for new and expectant moms.

Scheduled to re-open by the end of September in Fairfax, Virginia, Epiphany Pilates will be conveniently located at 9416 Main Street in the Pickett Shopping Center at the intersection of Main Street (Route 236) and Pickett Road.

"From the very beginning, our goal has always been to create an encouraging space to help those in our surrounding area achieve their fitness goals," explains Ms. Tilley. "It's such an honor to continue this mission in a bigger, more accessible location within the City of Fairfax."

"I remember the first time that I walked into a Pilates studio well over a decade ago," she continues. "Overweight and out-of-shape at the time, I never felt like I completely fit in at that studio. At Epiphany Pilates, we wanted to create a space where people of all shapes, sizes, and ages could experience the benefits of Pilates without feeling judged or intimidated or, simply, out of place. In fact, our goal has been to provide a 'home away from home' where clients can explore the connection between mind, body and spirit on their individual quests for health and wellness."
