

Today, Tantam Health is Going To Reinvent the Worksite Clinic

New pricing structure aimed at small to mid-size employer groups

GLENVIEW, ILLINOIS, UNITED STATES, September 8, 2017 /EINPresswire.com/

-- Tantam Health welcomes all size employer groups to a new world of NO CONTRACT [worksite clinics](#). The

company's new month-to-month pricing structure makes long contracts and large upfront fees a thing of the past.

Employers recognize that worksite clinics are an excellent solution for employee health. The major barriers preventing them from moving forward with worksite clinics often include long-term contract apprehensions and daunting upfront costs. Because of this, employers, as well as their employees, miss out on the benefits worksite clinics create. Today, Tantam Health is going to reinvent the worksite clinic by making it more accessible to all employers.

“

Our team, and the infrastructure we have in place, sets Tantam and our clients up for long-term success with this no-term agreement model.”
