

Industrial Smart Sensors 2017 Global Market Expected to Grow at CAGR 11.25% and Forecast to 2021

The analysts forecast the global industrial smart sensors market to grow at a CAGR of 11.25% during the period 2017-2021.

PUNE, INDIA, September 11, 2017

Global [Industrial Smart Sensors Market](#)

Description

WiseGuyReports.Com adds" Global Industrial Smart Sensors Market 2017-2021 "Research To Its Database.

Smart sensors are used for sensing environmental factors like temperature, pressure, and humidity. Industrial smart sensors are ruggedized and suitable for an industrial setup, and are manufactured to withstand extreme temperatures, pressures, and vibrations. Industrial smart sensors are widely used in the process as well as discrete industries, but process industries have a higher contribution of revenue share. Process industries include power, oil and gas, water and wastewater, food and beverages, mining, and paper and pulp industries. Discrete industries include automotive and electrical and electronic industries.

Covered in this report

The report covers the present scenario and the growth prospects of the global industrial smart sensors for 2017-2021. The report presents a detailed picture of the market by way of study, synthesis, and summation of data from multiple sources.

Get sample Report @ <https://www.wiseguyreports.com/sample-request/2176199-global-industrial-smart-sensors-market-2017-2021>

The market is divided into the following segments based on geography:

- Americas

- APAC
- EMEA

The Global Industrial Smart Sensors Market 2017-2021, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- Honeywell
- Infineon Technologies
- NXP Semiconductors
- STMicroelectronics
- Texas Instruments

Other prominent vendors

- Analog Devices
- Atmel
- Eaton
- Kionix
- Knowles
- Robert Bosch

Market driver

- Growing demand for wearable technology
- For a full, detailed list, view our report

Market challenge

- Price surge due to use of fiber optics with industrial smart sensors
- For a full, detailed list, view our report

Market trend

- Implementation of IIoT
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2021 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?

Report Details @ <https://www.wiseguyreports.com/reports/2176199-global-industrial-smart-sensors-market-2017-2021>

Table of Contents -Major Key Points

PART 01: Executive summary

PART 02: Scope of the report

PART 03: Research Methodology

PART 04: Introduction

- Market outline

PART 05: Market landscape

- Market overview
- Global industrial smart sensors market
- Five forces analysis

PART 06: Market segmentation by type

- Market overview
- Global industrial smart flow sensors market
- Global industrial smart temperature sensors market
- Global industrial smart pressure sensors market
- Global industrial smart position sensors market
- Global industrial smart sensors market by others

PART 07: Market segmentation by end-user

- Market overview
- Global industrial smart sensors market by process industries
- Global industrial smart sensors market by discrete industries

PART 08: Geographical segmentation

- Market overview
- Industrial smart sensors market in APAC
- Industrial smart sensors market in EMEA
- Industrial smart sensors market in Americas

PART 09: Decision framework

PART 10: Drivers and challenges

- Market drivers
- Market challenges

PART 11: Market trends

- Growing adoption of SoC in industrial smart sensors
- Implementation of IIoT
- Condition monitoring and diagnostics of industrial smart sensors

PART 12: Vendor landscape

Competitive landscape

- Other prominent vendors
- Recent developments

PART 13: Key vendor analysis

- Honeywell
- Infineon Technologies

- NXP Semiconductors
- STMicroelectronics
- Texas Instruments
