China [New Energy Vehicle Market](#)

## Description

WiseGuyReports.Com adds" New Energy Vehicle Market in China 2017-2021"Research To Its Database.

New energy vehicles (NEVs) are the vehicles enabled with an electric powertrain and powered through a battery. These vehicles can bring down near to zero emissions and can achieve up to 100% propulsion by electricity. Hence, China is pushing the adoption of more NEVs to bring down the dependency on oil fuels from the Middle East, reduce fuel emissions, and bring low-cost safer vehicles on the road.

## Covered in this report

The report covers the present scenario and the growth prospects of the new energy vehicle market in China for 2017-2021. To calculate the market size, the report presents a detailed picture of the market by way of study, synthesis, and summation of data from multiple sources.

The New Energy Vehicle Market in China 2017-2021, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors

operating in this market.

Key vendors

- BYD
- Geely Automobile Holdings
- Yutong
- Zotye Auto

Other prominent vendors

- BAIC Motor Corporation
- Changan Automobile Company
- Chery
- Daimler
- Dongfeng Motor Corporation
- FAW Group Corporation
- GAC MOTOR
- SAIC Motor
- Volvo
- Shenzhen Wuzhoulong Motors
- Zhongtong Bus Holding

Market driver

- Cost reductions in electric powertrain components
- For a full, detailed list, view our report

Market challenge

- Charging load from EVs will impact the power grids and cause environmental pollutions
- For a full, detailed list, view our report

Market trend

- Ultra-capacitors in EV energy storage system
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2021 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?

Table of Contents -Major Key Points

PART 01: Executive summary

PART 02: Scope of the report

## PART 03: Research Methodology

### PART 04: Introduction

- Market outline
- Regulatory framework

### PART 05: Market landscape

- Market overview
- Market size and forecast
- Five forces analysis

### PART 06: Market segmentation by vehicle type

- Market overview
- Market size and forecast
- Passenger NEV market in China
- Commercial NEV market in China

### PART 07: Market segmentation by propulsion type

- Market overview
- Pure EVs market in China
- PHEVs market in China
- FCVs market in China

### PART 08: Decision framework

### PART 09: Drivers and challenges

#### Market drivers

- Market challenges

### PART 10: Market trends

### PART 11: Vendor landscape

- Competitive benchmarking
- Other prominent vendors

### PART 12: Key vendor analysis

- BYD
- Geely Automobile Holdings
- Yutong
- Zotye Auto
