

Global Graphene Battery Market 2017- Analysis By Type, Size, Share, End-Use Industry, Opportunities and Forecast by 2022

WiseGuyReports.com adds “Graphene Battery Market 2017 Global Analysis, Growth, Trends, Opportunities Research Report Forecasting to 2022” reports to its database.

PUNE, INDIA, September 12, 2017
/EINPresswire.com/ -- [Graphene Battery Market:](#)

Executive Summary

A comprehensive research report created through extensive primary research (inputs from industry experts, companies, stakeholders) and secondary research, the report aims to present the analysis of Global Graphene Battery Market By End Users (Automotive, Consumer Electronics, Aerospace & Defence, Power, Robots, Healthcare), By Battery Type (Lithium Ion, Lithium Sulphur, Supercapacitors, Lead Acid), By Region (North America, Europe, APAC, ROW) and By Country (USA, Canada, UK, Germany, France, Norway, Rest of Europe, China, India, Japan, Australia, Rest of Asia).

Increasing electric/hybrid vehicles sales coupled with rising penetration of portable consumer electronic goods across the developed and emerging regions is backing the growth in Global Graphene Battery Market. Additionally, increasing number of renewable power plants is backing the growth of advanced secondary storage graphene battery across various regions.

According to Analytics research report, “Global Graphene Battery Market - Analysis By Type (Lithium Ion, Lithium Sulfur, Supercapacitors, Lead Acid), By End-Use Industry, By Region, By Country: Opportunities and Forecast (2017-2022) – By End-Use Industry (Automotive, consumer electronics, Aerospace & Defense, Industrial Robotics, Healthcare, Power); By Region (North America, Europe, APAC, ROW); By Country (U.S., Canada, Germany, France, U.K., Norway, China, India, Japan, Australia)” global market is projected to display a vigorous growth represented by a CAGR of over 38.34% during 2016 – 2024, primarily driven by increasing sales of electric vehicle and rising need for the portable consumer electronic products like smartphone, tablets etc. The new Graphene battery technology is expected to lead the market in the forecast period. Amidst the regions, Europe accounts for the largest regional share in the Global Graphene Battery Market in 2016. However, Asia Pacific is projected to progress at the highest rate, mainly driven by rising consumer population and increasing

Graphene Battery Market

prevalence of utilisation of clean fuel sources.

The report titled, “Global Graphene Battery Market - Analysis By Type (Lithium Ion, Lithium Sulfur, Supercapacitors, Lead Acid), By End-Use Industry, By Region, By Country: Opportunities and Forecast (2017-2022) – By End-Use Industry (Automotive, consumer electronics, Aerospace & Defense, Industrial Robotics, Healthcare, Power); By Region (North America, Europe, APAC, ROW); By Country (U.S., Canada, Germany, France, U.K., Norway, China, India, Japan, Australia)” has covered and analysed the potential of Global Graphene Battery Market and provides statistics and information on market size, shares and growth factors. The report intends to provide cutting-edge market intelligence and help decision makers take sound investment evaluation. Besides, the report also identifies and analyses the emerging trends along with major drivers, challenges and opportunities in the Global Graphene Battery Market. Additionally, the report also highlights market entry strategies for various companies across the globe.

Scope of the Report

Global Market - By Value (Actual Period: 2016, Forecast Period: 2017-2024)

Graphene Battery Market

By Battery Type - Lithium-Ion, Lithium-Sulphur, Supercapacitors, Lead Acid

By End User Industry – Automotive, Consumer Electronics, Aerospace & Defense, Power, Robotics, Healthcare

Regional Markets – North America, Europe, APAC, and RoW (Actual Period: 2016, Forecast Period: 2017-2024)

Graphene Battery Market

By Battery Type - Lithium-Ion, Lithium-Sulphur, Supercapacitors, Lead Acid

By End User Industry – Automotive, Consumer Electronics, Aerospace & Defense, Power, Robotics, Healthcare

Country Analysis - US, Canada, , UK, Germany, France, Norway, Rest of Europe, China, India, Japan, Australia, Rest of Asia (Actual Period: 2016, Forecast Period: 2017-2024)

Graphene Battery Market

By Battery Type - Lithium-Ion, Lithium-Sulphur, Supercapacitors, Lead Acid

By End User Industry – Automotive, Consumer Electronics, Aerospace & Defense, Power, Robotics, Healthcare

Other Report Highlights

Market Dynamics – Drivers and Challenges

Market Trends

SWOT Analysis

Porter's Five Force Analysis

Competitive Landscape

- Pricing Analysis

- Product Benchmarking
- Value Chain Analysis
- Policy and Regulatory Landscape
- Company Analysis - XG Sciences, Cabot Corporation, Graphene3D labs Inc, Grabat Power, NanoXplore, SiNode Systems, Vorbeck, Skeleton Technologies

Customization of the Report

The report could be customized according to the client's specific research requirements. No additional cost will be required to pay for limited additional research.

Table of Content:

- Research Methodology
- Executive Summary
- Strategic Recommendations
- Graphene Battery Outlook
- Global Graphene Battery Market: Growth and Forecast
- Global Graphene Battery Market: Segment Breakdown
- North America Graphene Battery Market: Regional Analysis
- Europe Graphene Battery Market: Regional Analysis
- APAC Graphene Battery Market: Regional Analysis
- Rest of the World Graphene Battery Market
- Market Dynamics
- Market Trends
- Porter's Five Forces Analysis – Graphene Battery Market
- SWOT Analysis –Graphene Battery Market
- Competitive Landscape
- Policy and Regulatory Landscape

Company Profiles

- 17.1. XG Sciences
- 17.2. Cabot Corporation
- 17.3. Graphene3D labs Inc.
- 17.4. Grabat Power
- 17.5. NanoXplore
- 17.6. SiNode Systems
- 17.7. Vorbeck
- 17.8. Skeleton Technologies
