

Six S Partners Earns a Spot on PROFIT 500 List for Fourth Consecutive Year

Canadian Business unveils 29th annual list of Canada's Fastest-Growing Companies

WATERLOO, ON, CANADA, September 14, 2017 /EINPresswire.com/ -- Canadian Business and PROFIT today ranked ERP software training and consulting firm [Six S Partners](#) No. 318 on the 29th annual PROFIT 500, the definitive ranking of Canada's Fastest-Growing Companies. Published in the October issue of Maclean's magazine and at CanadianBusiness.com, the PROFIT 500 ranks Canadian businesses by their five-year revenue growth.

Six S Partners—the [Epicor](#) Global Partner of the year for the past two years—made the 2017 PROFIT 500 list with five-year revenue growth of 178 percent.

“It is never easy to earn a spot on the PROFIT 500, but this year’s applicant pool was the most competitive yet,” says Deborah Aarts, PROFIT 500 program manager. “This year’s winners demonstrate the resilience, innovation and sheer management smarts it takes to build a thriving business today. Canada—and the world—needs more entrepreneurial success stories like these.”

“

Our continued growth is a direct result of the people who work on this team and the care they demonstrate to our clients long after the software contract is signed.”

Six S Partners*

Six S Partners is a full-service consulting firm focused on operational improvements through enterprise resource management (ERP) software that integrates processes from finance, inventory, customer relationship management (CRM), supply chain management (SCM) and other departments. The firm is the leading global platinum channel partner to their

software partner, Epicor. Epicor is a leading worldwide provider of business software solutions to a range of industries; Six S Partners supports and empowers clients through their intensive change-management efforts.

“Steady growth has been a constant for our organization, with no signs of stopping,” says John Preiditsch, President and CEO, Six S Partners. “This is our fourth year on the list and I don’t think it will be our last. In 2016 we took a significant step into the US marketplace with the acquisition of another leading ERP consulting firm. We now have a team that stretches across multiple locations in both countries to service hundreds of clients.”

In addition to this exponential growth, Preiditsch is especially proud to, once again, be the only ERP professional services firm to make the list. "Our team works really hard every day to help our clients achieve significant digital business transformation, so recognition like this is meaningful," he says.

Preiditsch points out that steady growth is hard to maintain in professional services; most firms fall off the list after their first or second appearance because they can't continue to invest in their growth at the same rate. He adds, "We've earned this success not just because of the software we sell but because of the support and knowledge we provide to our clients. Our continued growth is a direct result of the people who work on this team and the care they demonstrate to our clients long after the software contract is signed."

About Six S Partners
