

EU GDPR – An Implementation and Compliance Guide, Second edition now available from IT Governance Ltd

IT Governance is now selling a new edition of the bestselling EU General Data Protection Regulation (GDPR) – An Implementation and Compliance Guide

ELY, UNITED KINGDOM, September 15, 2017 /EINPresswire.com/ -- IT Governance, the leading global provider of IT governance, risk management and compliance solutions, is now selling a new edition of the bestselling [EU General Data Protection Regulation \(GDPR\) – An Implementation and Compliance Guide](#).

The GDPR will supersede the 1995 EU Data Protection Directive (DPD) and all EU member states' national laws based on it – including the UK Data Protection Act 1998 – in May 2018.

All organisations in any part of the world that process the personal data of EU residents must comply with the Regulation. Failure to do so could result in fines of up to €20 million or 4% of annual global turnover – whichever is greater.

See the updated [second edition of this must-have guide](#).

This updated version gives further guidance and clarification on the new data protection law and sets out the obligations of data processors and controllers in clear terms.

Topics covered include:

- The GDPR in terms you can understand;
- The obligations of data controllers and processors;
- What to do with international data transfers;
- Data subjects' rights and consent;
- Clarification of consent and alternative lawful bases for processing personal data; and
- An implementation FAQ.

The second edition of the EU General Data Protection Regulation (GDPR) – An Implementation and Compliance Guide is available from IT Governance Ltd in various formats (including softcover, Adobe eBook and ePub)
