

Enterprise Mobility Market Worth \$ 67.8 billion: Global Market Size, Application Analysis, Regional Outlook, 2017 -2022

Some of the key players in the market are Accenture, Deloitte, Hewlett- Packard Development Company, Kaspersky Lab, McAfee Inc

PUNE, INDIA, September 15, 2017 /EINPresswire.com/ -- [Global Enterprise Mobility Industry](#)

Global Enterprise Mobility market is estimated to be \$23.2 billion in 2015 and is expected to reach \$67.8 billion growing at a CAGR of 16.6% during the forecast period. The growing cellular subscriber base and enhanced telecommunication infrastructure in terms of robustness, providing consistent connectivity anytime and anywhere, and on the whole increase in network coverage are the major drivers for the Enterprise Mobility market. The budding acceptance from large and small & medium businesses, and beginning of sophisticated mobile devices such as smart phones, PDA's, and hand held devices are other driving factors that will stimulate the enterprise mobility market in the coming years. The major restraints in the market are the management and fulfilment issues and security risks associated with use of personal devices.
