

Functional Additives 2017 Global Market Expected to Grow at CAGR Of 4.27% and Forecast to 2021

Wiseguyreports.Com Publish New Market Research Report On-"Functional Additives 2017 Global Market Expected to Grow at CAGR Of 4.27% and Forecast to 2021".

PUNE, INDIA, September 18, 2017
/EINPresswire.com/ --

[Functional Additives Market 2017](#)

Executive Summary

Packaging additives are chemical compounds used in packaging to provide manufacturing and processing performance improvements. They enhance the performance, processability, and the external appearance of the packaging. These additives are added to the packaging material during the polymer melt stage. Packaging additives are broadly classified based on their functionalities into two types: Functional additives and barrier coatings. Barrier coatings are commonly used to provide a physical barrier or an effective moisture barrier and smooth base for the packaging substrate.

The analysts forecast the global functional additives market to grow at a CAGR of 4.27% during the period 2017-2021.

Covered in this report

The report covers the present scenario and the growth prospects of the global functional additives market for 2017-2021. The report presents a detailed picture of the market by way of study, synthesis, and summation of data from multiple sources.

The market is divided into the following segments based on geography:

- APAC
- North America
- Europe
- ROW

[functional-additives-market-2017-2021](#)

The report, Global Functional Additives Market 2017-2021, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- Akzo Nobel
- ALTANA
- BASF
- Clariant
- Solvay

Other prominent vendors

- ADEKA CORPORATION
- Addivant
- DuPont
- Dynea
- Milliken Chemical
- PolyOne
- SABO
- SONGWON
- The Valspar Corporation

Key questions answered in this report

- What will the market size be in 2021 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?

Table of Contents –Analysis of Key Points

PART 01: Executive summary

PART 02: Scope of the report

PART 03: Research Methodology

PART 04: Introduction

- Market outline

PART 05: Market landscape

- Global functional additives market
- Five forces analysis

PART 06: Market segmentation by type

- Overview: Global functional additives market by type
- Global functional additives market by oxygen scavengers

- Global functional additives market by UV stabilizers
- Global functional additives market by antistatic
- Global functional additives market by antimicrobial
- Global functional additives market by clarifying agents
- Global functional additives market by antioxidants
- Global functional additives market by anti-fog

PART 07: Market segmentation by application

- Overview: Global functional additives market by application
- Global functional additives market for food and beverages application
- Global functional additives market for pharmaceutical and healthcare application
- Global functional additives market for personal care and cosmetics application
- Global functional additives market for other applications

PART 08: Geographical segmentation

- Overview: Global functional additives market by geography
- Functional additives market in APAC
- Functional additives market in North America
- Functional additives market in Europe
- Functional additives market in ROW

PART 09: Decision framework

PART 10: Drivers and challenges

- Market drivers
- Market challenges

PART 11: Market trends

- Growing demand for reverse logistics in packaging
 - Increase in R&D activities
 - Growing demand for bio-based functional additives
-Continued
