

Defense Satellite-based Navigation Systems 2017 Global Market Expected to Grow at CAGR Of 4.10% and Forecast to 2021

Wiseguyreports.Com Publish New Report On-
"Defense Satellite-based Navigation Systems 2017
Global Market Expected to Grow at CAGR Of 4.10%
and Forecast to 2021".

PUNE, INDIA, September 18, 2017
/EINPresswire.com/ --

[Defense Satellite-based Navigation Systems Market 2017](#)

Executive Summary

A navigation system is an electronic system that aids in navigation. The system contains maps that are displayed to the user in a readable format via text or in a graphical form. The navigation systems that are available for military use are in two setups. These include hand-held devices, such as the Defense Advanced GPS Receiver (DAGR), and embedded systems that are fitted onto aircraft, naval vessels, or ground vehicles. The two types of navigation systems that are commonly used are the inertial navigation system (INS) and the satellite-based navigation system.

The analysts forecast the global defense satellite-based navigation systems market to grow at a CAGR of 4.10% during the period 2017-2021.

Covered in this report

The report covers the present scenario and the growth prospects of the global defense satellite-based navigation systems market for 2017-2021. To calculate the market size, the report considers new developments and procurements of the systems by defense ministries of countries.

The market is divided into the following segments based on geography:

- Americas
- APAC
- EMEA

Request a Sample Report @ <https://www.wiseguyreports.com/sample-request/2284948-global-defense-satellite-based-navigation-systems-market-2017-2021>

The report, Global Defense Satellite-based Navigation Systems Market 2017-2021, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- Honeywell International
- Raytheon
- Rockwell Collins
- Safran
- Thales Group

Other prominent vendors

- BAE Systems
- Harris
- Moog
- Northrop Grumman
- KVH Industries

Key questions answered in this report

- What will the market size be in 2021 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?

Table of Contents –Analysis of Key Points

PART 01: Executive summary

PART 02: Scope of the report

PART 03: Research Methodology

PART 04: Introduction

- Market outline
- Key takeaways

PART 05: Market landscape

- Market overview
- Global defense satellite-based navigation systems market
- Five forces analysis

PART 06: Market segmentation by application

- Global defense satellite-based navigation systems market by application
- Global defense satellite-based airborne navigation systems market
- Global defense satellite-based navigation systems market for ground vehicles
- Global defense satellite-based navigation systems market for naval vessels

PART 07: Geographical segmentation

- Global defense satellite-based navigation systems market by region
- Defense satellite-based navigation systems market in Americas
- Defense satellite-based navigation systems market in EMEA

- Defense satellite-based navigation systems market in APAC

PART 08: Decision framework

PART 09: Drivers and challenges

- Market drivers
- Market challenges

PART 10: Market trends

- Emergence of adaptive navigation system (ANS)
- Hybrid INS and satellite-based navigation systems
- Reduction in SWaP of navigation systems

.....Continued
