

# Guesty Announces Full Integration with Booking.com

*Direct integration with leading OTA set to generate significant increase in traffic and revenue for vacation rental and short-term property managers.*

TEL AVIV, ISRAEL, September 19, 2017 /EINPresswire.com/ -- [Guesty](#), the all-in-one solution for property managers worldwide, has today announced their new and direct integration with [Booking.com](#), the top online travel agency for the short-term and vacation rental industry. This latest development signifies another step forward for Guesty continuing to be the leading professional development and business growth platform for both the short-term and vacation rental management industries.

Guesty Announces Full Integration with Booking.com

The Guesty platform works to centralize tasks, communication, and activity all in one place, and is recognized throughout the industry as the one unifying solution for property managers. Guesty brings cloud-based technology combined with the human touch to bring every property manager the ultimate solution for managing every aspect of their business. Not only has Guesty been the number one solution in the urban short-term rental industry, but it is now rapidly growing in the vacation rental industry as well.

“

This integration with Booking.com will generate significantly more direct traffic and revenue to all our property managers together with the ability to increase rankings and distribution of listings.”

*Amiad Soto, CEO and co-founder of Guesty*

“This integration with Booking.com will generate significantly more direct traffic and revenue to all our property managers together with the ability to increase rankings and distribution of listings,” said Amiad Soto, CEO and Co-founder of Guesty. “Guesty has been working hard to bring our users outstanding new integrations and open up endless opportunities within the industry. We are very proud to announce our direct integration with Booking.com. We see this as another step for Guesty to expand to the vacation rental market successfully.”

## About Guesty

Guesty is a cloud-based platform designed to simplify property managers' operations and allow management of listings from multiple accounts like Airbnb, Booking.com, and other vacation rental booking channels. The company's solution provides Property Management Software (PMS), Channel Management, Unified Inbox, Automation Tools, Payment Processing, Website Creation, and 24/7

Guesty Communication Services all in a single package. Established in 2013 by Amiad Soto and Koby Soto, with offices in Tel Aviv, Guesty is backed by Magma Venture Partners, Buran Venture Capital, and AltaIR Capital and is an alumni of the prestigious startup accelerator, YCombinator.
