What is exactly AAT?

AAT is one of the leading accounting body for accounting professionals in UK. With greater than 130,000 active student and qualified members AAT prides itself to be a pioneer body for accounting professionals not just in UK but worldwide.

What is an AAT Qualification equivalent to

AAT Qualification is equivalent to accounting or bookkeeping technician level qualification. AAT Level 2 is highly Equivalent to GCSE, AAT Level 3 is more in line with two A Levels and AAT Level 4 is the

final level equal to QCF Level 4 qualification. By achieving an AAT qualification, you get exemptions from degree courses at over 30 Universities in UK.

Throughout Osborne Training's existence, it has aimed to lead the way in innovative learning and technological solutions. This quest for innovation has included the design and running of an interactive online learning platform which has aided to expand customer range from locally to international and also providing a novel form of continuing education that focuses on meeting the needs of the ever-expanding number of students in UK and worldwide. Osborne Training has always embraced new technology and has invested heavily in increasing the online presence for quicker and easier access. This drive for technological and service excellence has led to the rapid growth and increase in word of mouth. In keeping with this spirit, Osborne Training is embarking on an ambitious project to take learning to the masses through the use of a cutting edge online learning platform. In the previous five years it has been trading, Osborne Training has been consistently developing both learning and work-placement courses designed for non-traditional students who are looking to increase their earning potential and social mobility. Osborne Training's courses and course design focus on using technology, services and processes to aide this often-neglected customer base. Through streamlining the processes and services, Osborne Training was able to make education accessible to students from all levels who have simply been unable to access adult education due to a lack of time or financial resources. As an example, Osborne Training's track record has been proven in the fact that the students are now achieving their qualifications in 6 months instead of the usual one to one-and-a-half years. Although Osborne Training has been very successful in the field, it does not wish to rest on those laurels. Therefore, Osborne Training is investing even more heavily in research in both technology and also into the science of effective learning to MAKE STUDY GREAT AGAIN.
