

# 1SEO.com Digital Agency Sends Families to the Phillies Game

*Cancer patients find an escape at Citizens Bank Park.*

PHILADELPHIA, PA, USA, September 19, 2017 /EINPresswire.com/ -- Last Sunday, four different families enjoyed a day at the ballpark thanks to 1SEO.com Digital Agency, who raised and donated funds to [For Pete's Sake Cancer Respite Foundation](#) (FPS).

Although the Phillies fell to the Oakland Athletics 6-3 in the last of a three-game series, there was still something special to be celebrated: the opportunity for families to forget about treatments and doctor's visits for at least a little while as they created lasting memories with loved ones.

FPS is a non-profit organization located in Plymouth Meeting, PA that enables cancer patients and their loved ones to strengthen, deepen and unify their relationships by creating lasting and unforgettable respite vacations.

Once the families return from their trips, FPS provides additional emotional support and opportunities for the patients, caregivers and kids to create more memories at FPS fundraising events, sporting events and at amusement parks.

"This was an amazing event for everybody involved," said Lance Bachmann, President & CEO of 1SEO. "I hope each of the families had a great time. I'm really proud of my team for making this possible."

1SEO.com Digital Agency is a [custom web design company](#) that specializes in SEO, [pay per click](#) advertising, social media marketing and much more. Throughout their eight years in business, giving back to the community has always been a priority for 1SEO.

“Family is so important in life,” Bachmann said. “So to give these patients a chance to spend time with their families, share some laughs and, for the first time in a while, just enjoy the present moment, is something we’re really happy about.”

As of now, the Phillies are on track to finish in last-place of the National League East. However, events like these serve as reminders of what a day at the ballpark is all about. And they also help patients recognize that it’s not cancer that defines them but the courage and bravery that they’re able tap into as they battle the disease.
